Seattle Labor Committee Against Apartheid

512 33rd Avenue South Seattle, Washington 98144

11/28 Minutes

Present: Mike, Craig, Linda, Bill (sec), Bert (new member) + Steve (from SF)

Mike passed around a letter drafted by Susan Clarke requesting free use of Langston Hughes Center for 4/89 conference. Everyone found it acceptable

Steve, from the Labor Video Project in San Francisco, had recently returned from an international conference in the UK. He had numerous suggestions, observations + videos:

1) ATU 587 should affiliate directly with a transit local in S Africa (Durban perhaps)
2) Addresses for such locals can be found in a book, Power available at Left Bank
3) A NUMSA rep will be in the US in early '89 lining up support for a Sisters of the Long March tour. He or she may be available to speak at 4/89 conference
4) By writing directly to S African locals [see (2) above] SLCAA may get first hand reports for 4/89 conference
5) Boeing may be supplying South African Airlines with parts. The IAM is on record against apartheid + is a member of the International Metalworkers Federation (as is NUMSA) SLCAA should approach the IAM
6) Steve showed a 26 min video, The Long March, which covered an English tour by the same BTR worker/actors shown in Still on Strike

Mike will write Mike Murphy, UK education director for NUMSA, regarding 4/89 speaker [see (3) above]
