On the cover is Beaumont Memorial Tower, constructed in 1928, a gift of John W. Beaumont, class of 1882. Restoration of the tower, carillon, and clock was completed in 1996, reviving the bells which had been silent since 1987. Beaumont Tower once again is a functioning symbol of the beauty and strength of Michigan State University.

**DIPLOMAS WILL BE MAILED TO DEGREE RECIPIENTS  
 APPROXIMATELY ONE MONTH AFTER THE END OF THE SEMESTER.**

# MICHIGAN STATE UNIVERSITY

Michigan State University, one of the nation's leading land-grant universities, was founded in 1855 as the first agricultural college with only six faculty members and three buildings to provide youths with an education in farming. Now, 140 years later, MSU continues to strive for excellence in providing a diverse student body with a broad and rich combination of liberal and practical education.

Today, the East Lansing campus looks quite different than it did in 1855. More than 5,200 acres of land encompass more than 400 buildings, and more than 3,000 faculty and staff are engaged in teaching, research and public service. More than 40,000 students — 85 percent from Michigan — attend the University's main campus.

Our student body represents every county in the state, every state in the nation, and 107 foreign nations. Minority students comprise more than 14 percent of the campus population, and our campus includes the largest number of African American students among all Big Ten schools.

Michigan State University's commitment to diversity and multiculturalism in its student body, faculty, staff, curriculum and outreach programs is exemplified through world-wide services in numerous research, extension, and international programs.

More than a century after its agricultural beginnings, Michigan State has a Graduate School and 14 colleges: Agriculture and Natural Resources, Arts and Letters, the Broad College of Business, Communication Arts and Sciences, Education, Engineering, Human Ecology, Human Medicine, James Madison, Natural Science, Nursing, Osteopathic Medicine, Social Science and Veterinary Medicine.

Today, three colleges represent the central academic disciplines which most universities refer to as the liberal arts and sciences: Arts and Letters, Natural Science, and Social Science. These colleges also provide outstanding undergraduate and graduate degree programs with majors in traditional disciplines while also providing special programs that enable students to obtain a broad, multidisciplinary education. The College of Education collaborates with the colleges to help prepare students to become

teachers in the secondary schools of Michigan as well the nation. Our residence hall system is designed to complement and enhance the learning experiences of our students.

The Honors College, which attracts fine young scholars nationwide, enables students to waive standard graduation requirements and undertake enriched academic programs. MSU has produced 13 Rhodes Scholars, six Marshall Scholarship winners, and 11 Churchill Scholarship recipients. These British scholarships are among the most distinguished and prestigious academic award that an American student can receive.

Multimillion dollar, sponsor-funded programs support a wide array of outstanding research activities at MSU. Major facilities include the Pesticide Research Laboratory, operated with the U.S. Department of Energy as a national plant biology center; and the MSU/W.K. Kellogg Biological Station, which has been designated as a National Research Preserve. In collaboration with both the National Science Foundation and the U.S. Department of Energy, the National Superconducting Cyclotron Laboratory at MSU is able to study the nuclei of the heaviest elements.

The public significantly benefits from the University through University Outreach, MSU Extension Service, and the Agricultural Experiment Station which provides technical information and course work for many Michigan citizens. The Kellogg Center, one of the finest nationwide, annually hosts some 30,000 adults who come to the campus for approximately 600 conferences and other educational meetings.

Service to the international community is equally important. Supported by grants from the federal government and private foundations, MSU sustains educational and research assistance projects internationally. These projects have given many faculty members overseas experience and have added new dimensions to their teaching.

Michigan State University is a member of the Association of American Universities, National Association of State Universities and Land-Grant Colleges, American Council on Education, American Council of Learned Societies, International Association of Universities, Association of Graduate Schools, Council of Graduate Schools, and the Committee on Institutional Cooperation.

# ACADEMIC COSTUME

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicted by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctor's gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU; burnt

orange and white for the University of Texas; blue and gold for UCLA). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed below for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different departments of study by tassels of the official department color as established by the Intercollegiate Code.

# HONORARY DEGREE

FAY AJZENBERG-SELOVE

Your prodigious contribution to nuclear spectroscopy has proven indispensable to the field of nuclear physics. Your distinguished career as a teacher and professor of physics has been instrumental in the development of many physicists in the field today. And your courage as a pioneering female nuclear physicist brought about historic changes in the academic environment for all succeeding female physicists.

An engineering graduate from the University of Michigan, you earned your doctorate in physics from the University of Wisconsin in 1952. As a lecturer at Smith College and a Research Fellow at the California Institute of Technology, you began what turned out to be your most singular contribution to nuclear physics, a forty (40) year series of papers on the experimental properties of light nuclei entitled, "Energy Levels of Light Nuclei." After four years at Boston University, you joined the faculty at Haverford College, where you distinguished yourself as an outstanding teacher; your devotion to your students remains legendary. In 1971 you organized the first session of an American Physical Society meeting to deal with women in physics, marking the beginning of the women's movement

in the Society, and eventually became a founding member of its Committee on Women in Physics.

In 1973, after serving as a Research Professor of Physics for three years, you were the second woman appointed as professor in the University of Pennsylvania School of Arts and Science. Your distinguished services as a physicist included founding the Nuclear Physics Division of the American Physical Society. You were instrumental in establishing the Department of Energy/National Science Foundation - Nuclear Science Advisory Committee. You have served in various capacities with the American Association of Physics Teachers; the American Institute of Physics; the International Union of Pure and Applied Physics; and the National Academy of Sciences.

In 1994 you chronicled your remarkable journey in your autobiography "A Matter of Choices: Memoirs of a Female Physicist," an outstanding and moving account of your life as a physicist, teacher and woman.

Because of your singular accomplishments as a physicist, your excellence as a teacher, and your contributions to the profession and your colleagues, Michigan State University is privileged to present you with an Honorary Doctor of Science Degree.

# HONORARY DEGREE

ANNE E. BROOKS

Your distinguished career as a family practitioner and community activist in Tutwiler, Mississippi, one of the poorest areas in the United States, has had a significant impact throughout our nation in promoting the concept that quality healthcare is a right, not a privilege.

After founding the St. Petersburg Free Clinic and serving as its director until 1977, you came to Michigan State's College of Osteopathic Medicine where you earned your D.O. in 1982. A year later, along with three other Sisters of the Holy Names, you opened a comprehensive ambulatory health care medical clinic in Tutwiler, Mississippi. Dedicated to providing quality health care to the under-served, the clinic welcomes all patients, regardless of their ability to pay, and now serves an average of 800 patients per month, 46% of whom have no means of paying for their care. In 1986 you and your colleagues expanded the clinic to include professional counseling services and numerous outreach programs, including literacy and parenting classes, a thrift store, summer programs for children, teen parenting and pregnancy prevention.

As a leader and advocate in the healthcare and medi-

cal professions, you have testified before state commissions and governmental agencies, as well as the United States House of Representatives. Your many scholarly papers and presentations have been widely received and held in high regard. You have received national recognition on "60 Minutes," "Good Morning America," and "Hour Magazine," and in such magazines as American Health, Ladies Home Journal, and USA Today.

Your numerous awards and honors have included the Sertoma Award for Service to Mankind; the MSU Alumni Service Award; the American Osteopathic Association Humanitarian Award; the Caring Award and induction into the Hall of Fame of Caring Americans in the Frederic Douglass Museum; and most recently the Fellowship of Reconciliation, "Martin Luther King" Award.

In acknowledging your distinguished and meritorious public service on the local, state, regional and national levels to the osteopathic profession, to healthcare in general, to religion, to government, and to civil society, I am privileged to award you the honorary degree of Doctor of Science from Michigan State University.

## HONORARY DEGREE

WILLIAM H. GRAY III

Your public service to the human community as a religious and congressional leader and your outstanding leadership as President and CEO of the United Negro College Fund has had an exceptional impact upon our national conscience in helping minority students gain greater access to opportunities in higher education.

After receiving your bachelor's degree from Franklin & Marshall College in 1963, you went on to earn a master's in divinity from Drew Theological Seminary and a master's in theology from Princeton Theological Seminary. In 1964 you entered the ministry, serving as pastor of Bright Hope Baptist Church in Philadelphia for more than 20 years. As professor of history and religion, first at St. Peter's College, and eventually at Jersey City State College and Temple University, you distinguished yourself as an advocate of educational excellence.

In 1978, you were elected to the U.S. Congress, representing Philadelphia, where you served with distinction both as a public servant and staunch supporter of higher

education. You became the highest ranking African American ever to serve in Congress and the first to hold positions of leadership in the House of Representatives, serving as Chairman of the Democratic Caucus and later as Majority Whip. While in Congress you co-sponsored the Black College Act, and were the first African American to chair the House Budget Committee.

In 1991 you were named President and Chief Executive Officer of the United Negro College Fund, where your experience and leadership help to support a consortium of forty-one (41) private, historically black colleges and universities and to strengthen national awareness about African American higher education.

For your commitment to educational excellence and caring for the human community, your sense of tolerance and brotherhood in overcoming prejudice of all kinds, and your untiring struggles for equal justice I am privileged to present you with the honorary degree of Doctor of Humanities from Michigan State University.

## HONORARY DEGREE

JAY VAN ANDEL

Your sustained philanthropic support of education, research and humanitarian interests has had significant impact on many social structures and organizations. Your civic involvement and focus on improving the human condition has enriched not only your own community, but the state of Michigan, the nation and the entire world.

From your beginnings in Grand Rapids, through your service as an Air Force Officer, and into your exceptional business achievements you maintained a strong belief in working toward those things that benefit your family, your neighbors, and your community. Your business accomplishments are well documented and exceptional. As Amway's presence reached around the world, so did your reputation. Your dedication to your family and hard work has been a source of inspiration for literally millions around the world. With the formation of the Van AnDEL Institute for Education and Medical Research, a charitable, non-profit, independent and self-funded organization dedicated to supporting cutting edge research in medical technology, you continued your tradition of making enduring contributions to the public good.

Your civic involvements have been notable. In 1992 President Bush appointed you to serve as United States Ambassador and Commissioner General to Genoa Expo '92 in Genoa, Italy. You also served as Chairman of the Board of the U.S. Chamber of Commerce, Chairman of Amway Environmental Foundation, Director of the Gerald R. Ford Foundation, Director of the Jamestown Foundation, Trustee of the Heritage Foundation, a member of the Advisory Council for American Private Education and a member of the USO World Board of Governors.

You are a recipient of the Golden Plate Award from the American Academy of Achievement, the United Nations Environment Programme Achievement Award, the Patron Award from the Michigan Foundation for the Arts and the Edison Award of the American Marketing Association.

In recognition of your past and present commitment to improving the human condition through education and medical research, I am privileged to present to you the honorary degree of Doctor of Science from Michigan State University.

## HONORARY DEGREE

R. DRAYTON MCLANE, JR.

Your achievement in the food industry and particularly your pioneering innovations in logistical systems and computer applications has elevated logistics into one of the prominent strategic business functions today. Your extraordinary entrepreneurial talents and energy in wholesaling and distribution systems continue to have a world wide impact.

After receiving your Bachelor's degree from Baylor University you came to Michigan State where you received an MBA in Food Systems, Economics and Management in 1959. You then returned to the family wholesale business in Temple, Texas, begun by your grandfather in 1894. By 1964, you were named its General Manager of Operations. From 1978 until 1993 you served as President and CEO of the McLane Company, transforming this small family business into the largest distributor of grocery products and general merchandise targeted to convenience stores and a recognized leader in the specialized distribution industry.

When most executives would have retired with such crowning achievements in business, you chose to build on your high level of credibility in the food industry by founding McLane International, marketing food products around the globe with offices in Spain, Portugal and the United

Kingdom, and operations in Asia and the former Soviet Union. More recently you established a consulting business, the M-Group, providing logistics software and wholesaling and distribution expertise to world markets. And, during all this, you even found the energy to serve as owner of the Houston Astros Baseball Club.

What separates you from other successful business leaders is your commitment to the well-being of your associates and the welfare of your community. As one of your peers said of you: "I have never seen Drayton fail to give serious and generous consideration to his associates . . . (including) the men who drove his trucks and the people who selected merchandise from the racks in his warehouses . . . Drayton McLane is an outstanding example that honesty, concern for others and hard work can bring great success."

In many ways you are an ideal role model for our students in this land grant university. You continue to remain open to the learning process which, combined with your vision and hard work, and strength of moral character, has resulted in your outstanding success. For your vision and principled hard work, I am privileged to award you the honorary degree of Doctor of Humanities from Michigan State University.

## 1997 DISTINGUISHED ALUMNI AWARD

CHARLES J. FISHER JR.

Charles J. Fisher, Jr. received a B.S. degree in 1971 and an M.D. degree in 1973 from Michigan State University, specializing in Pulmonary and Critical Care Medicine. He currently serves as Head of the Section of Critical Care Medicine and Director of the Critical Care Research Unit for the Cleveland Clinic Foundation, Cleveland, Ohio.

Fisher is internationally known for his work in critical care and his research in sepsis, having authored more than 100 publications, including the leading text in critical care medicine.

A reserve officer of the U.S. Army Special Operations Command, Dr. Fisher was called into active duty during the conflict in the Balkans. From December 1995 until September 1996, he served as Command Surgeon for the NATO Implementation Force in Bosnia-Herzegovina. He also served as Command Surgeon for Operation Rescue, responding to the crash that resulted in the death of Secretary of Commerce Ron Brown, and Operation Assured Re-

sponse, aimed at the liberation of the American Embassy in Liberia in April/May of 1996.

An exemplary humanitarian, in 1974 he helped establish the Chico Free Clinic in Chico, California, for those unable to pay for medical care. While serving as the senior medical officer of a Joint Services Medical Task Force in Cote d'Ivoire, a third-world country, he and his colleagues vaccinated residents, supplied basic and consultative medical care, provided dental care, and gave basic health care training for Ivorian military personnel during a meningococcal epidemic that ravaged the country. He also organized and led small teams into remote villages to provide health care which was otherwise unavailable.

Dr. Fisher's awards include the Outstanding Faculty Teacher Award from the University of California, Davis Medical Center, the Robert Symon Award for High Altitude Flight and Research, numerous athletic and flying records and awards, and the 1995 MSU Outstanding Alumni Award.

## 1997 DISTINGUISHED ALUMNI AWARD

PATRICIA GEOGHEGAN

Patricia Geoghegan matriculated at Michigan State University as an undergraduate from New Jersey, and graduated with a major in history through the Honors College. She continued her education at Yale University, completing an M.A. in History in 1972 and J.D. in 1974.

She was one of the first female partners at one of the nation's largest, oldest, and most distinguished law firms: Cravath, Swaine and Moore. A tax attorney specializing in equipment finance, she has handled domestic and cross-border financing of aircraft, satellites, manufacturing plants, power plants, railcars, ships and fiber optic cable.

Geoghegan is a member of the New York State Bar, the American Bar Association, the New York State Bar Association and the Association of the Bar of the City of New York. Her bar activities have included membership on the Executive Committee of the Tax Section of the N.Y.

State Bar Association and the Audit Committee of the Association of the Bar of the City of New York. She has also served on the Board of Advisors of the New York Institute on Federal Taxation.

For several years, she was a Visiting Lecturer at Yale Law School, where she taught a seminar on Taxation of Partnerships. From 1992 until 1994 she was national chair of the Yale Law School Alumni Fund, and currently serves as chair of the Fund's Board of Directors. She is also a member of the Board of Directors of the YWCA of the City of New York.

During MSU 2000, she served on the Special Gifts Committee for the Tri-State Area (New York, New Jersey, Connecticut). She is a member of MSU's Hannah Society, and currently serves as a member of the MSU College of Arts and Letters National Advisory Council.

## 1997 DISTINGUISHED ALUMNI AWARD

JACK D. RUTHERFORD

Jack D. Rutherford, a graduate of the Eli Broad College of Business MBA program, retired in January of 1997 as Chairman and Chief Executive Officer of ICM Industries, Incorporated, of Chicago, Illinois. He was co-founder of this private holding company which, over the years, acquired thirteen turn-around manufacturing businesses with products focused in automotive and construction equipment industries.

From 1991 to the present, Rutherford worked with ICM/Krebsoge of Livonia, Michigan. When ICM, North America's largest powder metal manufacturer, was sold to MAAG Holding of Zurich, Switzerland, he became manager of the company's Livonia headquarters and North American operating plants. From March 1993 to September 1994, he was one of three partners hired by TATRA to lead this Czech manufacturer of off-road, heavy-duty trucks through its transition from a nationalized company into a profitable, publicly-held organization. He also started TCM/Management Company, a management consulting business.

From 1978 to 1985 he held a number of key positions, including President and CEO of International Harvester Corporation, now Navistar International. From 1952 to 1978 he worked with Ford Motor Company as Assistant Operations Manager, Eastern Hemisphere, and as Plant Manager in Romeo, Illinois.

Rutherford currently serves on numerous corporate boards, including Code Alarm, Inc. (Madison Heights, Michigan), ICM/Krebsoge (Livonia, Michigan) and The Gradall Company (New Philadelphia, Ohio). He is a member of the Society of Automotive Engineers, and has served on a number of advisory boards including the University of Illinois (Chicago) College of Engineering Industrial Advisory Board, MSU College of Business Alumni Association Board of Directors, and as a member of the Board of Trustees for the Hinsdale United Methodist Church. He is a current member of the MSU Foundation Board, the MSU Benefactors, and a recipient of the Eli Broad College of Business Outstanding Alumni Award.

## 1997 DISTINGUISHED ALUMNI AWARD

KUK-BOM SHIN

Kuk-Bom Shin received a B.A. from the College of Liberal Arts, Yonsei University; an M.A. in Educational Administration from Seoul National University; and a Ph.D. in Educational Administration from Michigan State University. From 1988 to 1996 he served as President of the Korea National University of Education (KNUE), where he is currently professor of education. He is President of the Korean Society for the Study of Education; Chairman, Central Education Advisory Council/Ministry of Education; a member of the Board of Directors of the Yonsei University Alumni Association; and a member of the Board of Trustees, Dae-San Rural Cultural Foundation.

As President of the Korea National University of Education, he established academic exchange programs among many educational institutions, including King's College University of London, Beijing Normal University, and Moscow State Pedagogical University. Positions held before his term as University President include Senior Secretary for Education and Cultural Affairs, Office of the Presidential Secretariat; Director-General,

Teacher's Affairs Bureau, Minister of Education; and Professor and Dean of Education, Hanyang University, Seoul.

Bom continues to have an interactive relationship with Michigan State University. As the President of the MSU Alumni Association in Korea from 1987 to 1994, he initiated a million-dollar campaign for the development of the Korean Studies Program of MSU. He led the general assembly of the MSU Alumni Association in Korea, and has been host to both President McPherson and President DiBiaggio on their visits to Korea. He established an ongoing relationship between KNUE and MSU in 1991, and in 1993, arranged to have KNUE host MSU students. He continues to serve as an advisor to the MSU Alumni Club in Korea.

Among special honors, he received the Great Medal of Youth from the President of the Korean Youth Corps, the Plaque of Recognition from the Korean National University President Association, the Medal of Meritorious Service from the Government of the Republic of Korea, and recognition from the Korean Minister of Education.

# 1997 DISTINGUISHED ALUMNI AWARD

JOHN R. WELSER

John Welser received three degrees from Michigan State University: a B.S. in Veterinary Medicine in 1959, a D.V.M. in 1961 and an M.S. in Surgery and Medicine in 1962. He earned a fourth degree, a Ph.D. in Veterinary Anatomy, from Purdue University in 1966, and in 1969, while on the faculty of Purdue, reached the rank of associate professor. He joined the faculty of the University of Georgia in 1970, where he was later named Associate Dean of the College of Veterinary Medicine. In 1975 he became the sixth dean of the College of Veterinary Medicine at MSU. After eight years in that position, Welser joined The Upjohn Company as Vice President for Agricultural and Pharmaceutical Research. Today he serves Upjohn as Vice President for Animal Health Research and Biologics.

Welser's exceptional career has profoundly affected the global practice of veterinary medicine. As an educator, he improved the teaching of clinical sciences, developing the problem-oriented medical record system which is now used worldwide. Following the PBB crisis he was instrumental in establishing MSU's Animal Health Diagnostic Laboratory, the essential agency for early warning of ani-

mal disease outbreaks in Michigan. He was the driving force behind the addition and renovation of the MSU Veterinary Medical Center, completed in 1992, and now recognized as the most advanced and best-equipped veterinary facility for teaching and clinical service in the world. He has served in an advisory capacity to veterinary colleges at the University of Wisconsin, Cornell University, and North Carolina State University.

Welser has served as a volunteer for many local, state, national and international agencies. He was on the Michigan Governor's Task Force on Agriculture in 1988, and on the board of the Michigan Biotechnology Institute. In 1991 he was named a member of the Board of Agriculture, National Academy of Science. He also served on the National Institute of Health Agricultural Research Council, and on the Commissioner Search Committee of the U.S. Food and Drug Administration.

Welser's awards include the Distinguished Service Award from the Association of American Veterinary Medical Colleges, the Outstanding Alumni Award from the College of Veterinary Medicine, and the W.E. Upjohn Award.

#### ALMA MATER.....Traynor

M.S.U., We love thy shadows  
When twilight silence falls,  
Flushing deep and softly paling  
O'er ivy-covered halls.  
Beneath the pines we'll gather  
To give our faith so true,  
Sing our love for Alma Mater  
And thy praises, M.S.U.  
(The MSU Wind Symphony and Audience)

#### RECESSIONAL

The MSU Wind Symphony

The audience is requested to remain seated while those in the processional are entering and leaving.

ALMA MATER.....*Traynor*

M.S.U., We love thy shadows  
When twilight silence falls,  
Flushing deep and softly paling  
O'er ivy-covered halls.  
Beneath the pines we'll gather  
To give our faith so true,  
Sing our love for Alma Mater  
And thy praises, M.S.U.  
(The MSU Wind Symphony and Audience)

### RECESSIONAL

The MSU Wind Symphony

We would like to express our appreciation to the Students for State and staff for their assistance at the commencement exercises.  
The audience is requested to remain seated while those in the processional are entering and leaving the arena.
