## MISSION STATEMENT

Michigan State University, a member of the Association of American Universities and one of the top 100 research universities in the world, was founded in 1855. We are an inclusive, academic community known for our traditionally strong academic disciplines and professional programs, and our liberal arts foundation. Our cross- and interdisciplinary enterprises connect the sciences, humanities, and professions in practical, sustainable, and innovative ways to address society's rapidly changing needs.

As a public, research-intensive, land-grant university funded in part by the state of Michigan, our mission is to advance knowledge and transform lives by:

- providing outstanding undergraduate, graduate, and professional education to promising, qualified students in order to prepare them to contribute fully to society as globally engaged citizen leaders
- conducting research of the highest caliber that seeks to answer questions and create solutions to expand human understanding and make a positive difference, both locally and globally
- advancing outreach, engagement, and economic development activities that are innovative, research-driven, and lead to a better quality of life for individuals and communities, at home and around the world.

## CONGRATULATORY LETTER

DEAR GRADUATES AND FAMILIES:

Graduation is an important milestone. At commencement ceremonies, we celebrate our graduates and their accomplishments at Michigan State University, and we acknowledge the encouragement and support that family and other significant individuals have provided them. Reaching this milestone marks the completion of a degree program and the beginning of the next chapter in each student's life.

Graduates become part of a tradition that spans more than 160 years. As a person with a long-standing connection to Michigan State, I have had many opportunities to interact with alumni, students, faculty, and staff who, on a daily basis, are advancing knowledge and transforming lives. Although much has changed along the banks of the Red Cedar River since I first enrolled in 1970, the core values of the University remain—quality, inclusiveness, and connectivity.

MSU leads as a "community-engaged university." Our faculty and students are involved in outreach and forge partnerships to serve the public good. Through research, education, and practice, we make the world and our campus better places. To be a Spartan is to be a part of something big. There are more than 500,000 Spartans at work on every continent, rising to practically every challenge imaginable. Every day, we make the world more sustainable, healthy, safe, and beautiful, proving again and again that "Spartans Will."

Our graduates go forth as caring global citizens, and although we bid you farewell I ask you to recall what our legendary President John A. Hannah confirmed. A special bond is forged with our graduates.

Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University...forever.

Forever starts now. May you have a very bright future and come home often.

Sincerely,

Lou Anna Kimsey Simon, Ph.D.  
President

## CONGRATULATORY LETTER

DEAR GRADUATES AND FAMILIES:

Congratulations to our graduates and your families! As President Simon encourages you to come home often, so do I!

As you may or may not know, I earned my degrees at Michigan State University. This education has served me well.

It gives me great pleasure to be here at a time when Michigan State University continues to create new opportunities at home, in the state of Michigan, and around the world. With our students and faculty, we are achieving new levels of excellence even as we face many new challenges. Our students are enthusiastic in taking advantage of the opportunities to study and to expand their views, and to grow as individuals and global citizens.

As a student of Michigan State University you are a member of a vibrant community united by the common interest we share as scholars. I hope that even after earning your degree, you will always remain members of this community—that is, be hungry to learn, to seek new knowledge, and to share and apply that knowledge for the betterment of others and to contribute to a more sustainable planet for the generations of Spartans who follow you.

As you and your families celebrate your accomplishments at Michigan State University, we join you in that celebration and wish you the best in all of your personal and professional pursuits and in your future endeavors as Spartans. May the relationships you forged here with your professors and other students continue to inspire you.

Sincerely,

June Pierce Youatt, Ph.D.  
Provost and Executive Vice President  
for Academic Affairs

## MICHIGAN STATE UNIVERSITY

Michigan State University, founded in 1855, is a leader in realizing the ideal of democratizing education and knowledge. Officially named the Agricultural College of the State of Michigan, it became the model for all land-grant institutions established by the Morrill Act, passed by Congress in 1862. The research and knowledge developed at land-grant institutions provides practical solutions that make a difference in the lives of individuals and in communities. Now, as a major public research university with global reach, Michigan State University continues this tradition with its commitment to advancing knowledge and transforming lives across the state, the region, and around the world.

From its beginnings on the site where Beaumont Tower now stands, the East Lansing campus has grown from 677 to 5,200 acres, and from three to 545 buildings. Today, nearly 20,000 acres are used throughout Michigan for agricultural and natural resources research and for education.

MSU has more than 50,000 students from all 83 counties in Michigan, all 50 states, and more than 130 other countries. There are more than one-half million Spartan alumni living around the globe.

Since its agricultural beginnings, MSU has grown to 17 degree-granting colleges offering more than 200 programs of study, including graduate and graduate professional education. The Honors College attracts academically talented scholars and enables these students to pursue individualized, enriched programs of study.

Research and other grants total nearly \$600 million in 2014-15. The top federal funding agencies include the U.S. Department of Energy (DOE), the National Science Foundation, the U.S. Department of Health and Human Services, U.S. Agency for International Development, the U.S. Department of Agriculture, the U.S. Department of Education, and the U.S. Department of Defense. Other externally funded research programs include the MSU-U.S. DOE, Plant Research Laboratory, the Center for Advancing Microbial Risk Assessment, the Great Lakes Bioenergy Research Center, the Energy

and Automotive Research Laboratory Centers, the Composite Vehicle Research Center, the U.S.-China Center for Research on Educational Excellence, the Center for Advanced Study of International Development, and the Center for International Business Education and Research.

The National Superconducting Cyclotron Laboratory is the premier rare isotope research facility in the nation. In December 2008, the U.S. DOE selected MSU to design and establish the Facility for Rare Isotope Beams (FRIB). The proposed \$730 million facility will bring together an international community of leading scientists. Their work will help unlock the mysteries of the universe and promote breakthrough applications for medicine, security, and industry.

MSU Extension reaches into all 83 counties in Michigan to provide practical, university-based knowledge. The AgBioResearch encompasses the research of more than 300 scientists in a network of 13 research centers across the state. Their work ranges from agricultural production, alternative energy and biofuel production, food safety and environmental stewardship to childhood obesity, community development, and the quality of life of Michigan youth and families.

University Outreach and Engagement connects faculty with external audiences and constituencies to address community issues through research and collaboration. MSU Global extends academic and professional degree and certificate programs to off-campus learners.

MSU is a national leader in study abroad among U.S. public universities with more than 275 programs on all continents in more than 60 countries. Nearly 3,000 MSU students participate in study abroad each year.

Michigan State University is a member of the Association of American Universities, the Association of Public and Land-grant Universities, the American Council on Education, the American Council of Learned Societies, the Council of Graduate Schools, and the Big Ten Academic Alliance (formerly the Committee on Institutional Cooperation).

## CEREMONY LYRICS

### THE STAR SPANGLED BANNER

O, say, can you see  
by the dawn's early light,  
What so proudly we hailed  
at the twilight's last gleaming,  
Whose broad stripes and bright stars,  
through the perilous fight,  
O'er the ramparts we watched,  
were so gallantly streaming?  
And the rockets' red glare,  
the bombs bursting in air,  
Gave proof through the night  
that our flag was still there.  
O, say, does that  
star-spangled banner yet wave,  
O'er the land of the free,  
and the home of the brave.

### AMERICA THE BEAUTIFUL

O beautiful for spacious skies,  
For amber waves of grain,  
For purple mountain majesties  
Above the fruited plain!  
America! America!  
God shed his grace on thee  
And crown thy good with brotherhood  
From sea to shining sea!

### ALMA MATER\*

M.S.U., We love thy shadows,  
when twilight silence falls,  
Flushing deep and softly paling,  
o'er ivy-covered halls.  
Beneath the pines we'll gather,  
to give our faith so true,  
Sing our love for Alma Mater,  
and thy praises, M.S.U.

When from these scenes we wander,  
and twilight shadows fade,  
Our mem'ry still will linger,  
where light and shadows played;  
In the evening oft we'll gather,  
and pledge our faith anew,  
Sing our love for Alma Mater,  
and thy praises, MSU.

### MSU FIGHT SONG\*\*

On the banks of the Red Cedar,  
is a school that's known to all;  
Its speciality is winning,  
and those Spartans play good ball;  
Spartan teams are never beaten,  
all through the game they fight;  
Fight for the only colors,  
Green and White.  
Go right thru' for MSU,  
watch the points keep growing.  
Spartan teams are bound to win,  
they're fighting with a vim.  
RAH! RAH! RAH!  
See their team is weakening,  
we're going to win this game.  
Fight! Fight! Rah! Team, Fight!  
Victory for MSU.

\*The lyrics of *Alma Mater* were written by Bernard Traynor (MSC Athletic Department, 1925-1927). The melody is based on Donizetti's *Lucia di Lammermoor*. It was not until March 30, 1949, after a vote by the students, that the popular song on campus known as the *MSU Shadows* was finally adopted as the official *Alma Mater*.

\*\*Lyrics by Francis Irvin Lankey (MSU Engineering, 1916).

## UNIVERSITY MACE

Michigan State University is pleased to include the University mace in commencement ceremonies. The introduction of the mace, at the 2005 Founders' Day celebration and inauguration of MSU's twentieth president, serves to commemorate the sesquicentennial celebration. The University, founded in 1855, celebrated its 150th birthday in 2005. The mace was designed by University Relations and produced by Physical Plant staff.

Historically, the mace is a symbol of authority dating from medieval times when knights carried them during processions with their kings. As the tradition grew, the mace became a ceremonial symbol of peaceful leadership, and maces were embellished with jewels and metals. Today, a university's mace is carried before the president or chancellor and platform-party dignitaries at commencement, inaugural, and other academic ceremonial processions.

The Michigan State University mace, 42 inches in length, includes important institutional symbols in its finial, crown, and shaft. The finial depicts the circular University seal, which includes an image of "Old College Hall." This oak-carved seal derives from an 1869 State Board of Agriculture (now, Board of Trustees) authorization for a woodcut to be used as the frontispiece of the college academic catalog. College Hall, built in 1856, was the first instructional building erected in the United States for the teaching of scientific agriculture. When it collapsed in 1918, John Beaumont (class of 1882) provided funds to erect Beaumont Tower in 1928 at the same location. The tower stands as a symbol of Michigan State's beginnings as the first land-grant college dedicated to teaching "agriculture and the mechanic arts" with a "liberal and practical curriculum."

The mace's crown is trimmed with a maple samara and acorn pattern carved from walnut, a pattern drawn from the "Michigan State College" limestone relief at the Abbot Road and other campus entrances. An image of Beaumont Tower lies in the crown's oak center. Below the crown is the cylindrical shaft, whose alternating, horizontal oak and walnut bands descend to a brass tip. Its oak is purported to be "Beaumont oak," that is, from one of the original saplings surrounding College Hall. Its walnut is from a tree removed to clear land for the Wharton Center for Performing Arts in 1982.

In its soaring verticality, Beaumont Tower continues to inspire the MSU community and is an appropriate symbol for the MSU mace. As President Robert S. Shaw (1928-1941) stated at the tower's dedication, it has served as "a unifying factor" to remind us, even through our individual activities, of the overall mission of Michigan State University to inspire us by "appealing to many of the better things in us" and to encourage us to "live up to higher standards, scholastically, socially, morally, and spiritually in all of our affairs."

## ACADEMIC ATTIRE

In 1895, the Intercollegiate Commission, a group of leading American educators, introduced an academic costume code which by design of gowns and hoods would indicate the various degrees, and which by colors would identify the various faculties.

Three types of gowns are indicated by the code. Those worn by the bachelors have long, pointed sleeves. Those worn by masters have long, closed sleeves with the arc of a circle near the bottom. Doctoral gowns are faced with velvet. The sleeves are full, round, and open with three bars of velvet on each sleeve. The velvet facing of the bars on the sleeves may be black or the same color as the binding of the hood.

Hoods are made of material identical with the gown and are lined in the official academic color of the institution conferring the degree (e.g., green and white for MSU). If the institution has more than one color, the chevron is used to introduce the second color. Colored velvet or velveteen binds the hoods and indicates the department of faculty to which the degree pertains.

The color of the velvet of the hood is distinctive of the subject to which the degree pertains. For example, the trimming for the degree of Master of Science in Agriculture should be maize, representing agriculture, rather than golden yellow, representing science. Generally, the code for the velvet of the hood is the same as listed for tassels.

At Michigan State University, it is customary to identify the candidates graduating from the different areas of study by tassels of the official color as established by the Intercollegiate Code. Candidates graduating from the Honors College wear a white stole with the initials "HC." Candidates graduating "With Honor" or "With High Honor" wear a gold braid.

## HONORARY DEGREES

Alumnus Eli Broad, for whom MSU's Eli Broad College of Business is named, is a renowned business leader who built two Fortune 500 companies from the ground up. Not only is he a successful entrepreneur, but Mr. Broad and his wife, Edythe, are engaged in many important philanthropic endeavors. In fall 2002, Michigan State University proudly awarded Mr. Broad an honorary doctorate of humanities.

Eli Broad and his wife, Edythe, with a total gift of \$28 million, have made contemporary art available to the entire Michigan State University community and those who visit us from around the globe. The Eli and Edythe Broad Art Museum officially opened November 10, 2012. The world-class art museum is designed by Pritzker Prize-winning architect Zaha Hadid. For information about the facility, exhibitions, and programs, please visit <http://broadmuseum.msu.edu/>.

We tell our graduates to "Come Home Often." We hope that you, and your family, will come home often and include a visit to the Eli and Edythe Broad Art Museum.

## HONORARY DEGREE CITATIONS

### DENNIS WAYNE ARCHER

You are a highly accomplished attorney and inspirational political leader. From your humble beginnings as a teacher working with special needs students in Detroit, your commitment to the city has never wavered. As a visionary leader, you have been instrumental and indispensable in the renaissance of Detroit.

You have served as an associate justice of the Michigan Supreme Court and as the mayor of Detroit, and you were later named the president of the American Bar Association, becoming the first black leader of the organization.

You received the American Bar Association's Medal, the group's highest recognition, for your service to the profession and for mentoring and encouraging other lawyers.

As mayor, your diplomacy and collaborative style allowed you to engage other leaders and to form partnerships that brought

a philosophy of investment back to Detroit. You promoted economic growth in the most impoverished areas of the city by persuading the federal government to make Detroit one of the first cities to receive federal Empowerment Zone status. During your tenure, a rebirth of downtown took place, and the developments of Ford Field, MGM Grand, and Comerica Park were conceived.

As an influential force for positive change, you moved the city toward modern technology and improved services including the development of a major jobs training program.

Your individual strength and extraordinary impact align remarkably with Spartan values. For your contributions to Detroit and Michigan, I am pleased to award you the honorary degree of Doctor of Laws from Michigan State University.

### NATALIE WILSON CRAWFORD

You are a senior fellow and distinguished chair in Air and Space Policy at the RAND Corporation and a professor at the Pardee RAND Graduate School.

Your leadership during a more than 50-year career in service to the nation at the Rand Corporation has significantly bolstered the national security of the United States. You have led a number of high-impact technical studies that have enhanced our understanding of the security concerns regarding potential threat areas around the world.

You have held a number of senior positions within RAND Project Air Force, and served as vice president and director from 1997 to 2006. Your contributions have been recognized with many honors, such as the U.S. Air Force Academy's 2012 Thomas D. White National Defense Award; the Air Force Association's Lifetime Achievement Award; the Office of the Secretary of Defense Medal for Exceptional Public Service; and a Lifetime Achievement Award

from the National Defense Industrial Association's Combat Survivability Division.

You have also been awarded the Department of the Air Force Decoration for Exceptional Civilian Service twice; the Air Force Analytic Community's Lifetime Achievement Award; the Lt. Gen. Glenn A. Kent Leadership Award; and the Vance R. Wanner Memorial Award from the Military Operations Research Society.

You were named an American Institute of Aeronautics and Astronautics Fellow and a member of the National Academy of Engineering. You are an exceptional role model for women and an inspiration for all of our Spartan graduates, having earned your bachelor's degree in mathematics at the University of California, Los Angeles, in 1961, at a time when few women were in this field.

For your exemplary life of service and your role in keeping America safe, I am pleased to award you the honorary degree of Doctor of Engineering from Michigan State University.

## HONORARY DEGREE CITATIONS

### JOHN MICHAEL DUFFEY

You are the president and chief executive officer and a director of the Six Flags Entertainment Corporation.

In the six years since you joined the company as chief financial officer, you have established yourself as an innovator. Previously, as the executive vice president and chief integration officer at Siemens Healthcare Diagnostics, you were responsible for bringing together two leading health care industry suppliers, Siemens Medical Solutions Diagnostics and Dade Behring. Leading up to this merger, it was your negotiation skills that guided Dade Behring through a debt restructuring and entry into the public equity market.

Prior to joining Dade Behring, you were with Price Waterhouse in their Chicago and Detroit practice offices as well as the Washington D.C. National Office.

You are a Certified Public Accountant and earned your bachelor's degree in accounting from Michigan State University. You and your wife, Becky—a 1982 graduate in medical technology—are well-known for your philanthropy, having given to educational causes, MSU sports, and to foundations that support children with autism and other developmental disabilities.

You recently gave a substantial gift to the Eli Broad College of Business toward a faculty fellowship in hospitality business here at Michigan State University.

For your many inspiring successes in the highly competitive world of business, as well as your outstanding generosity toward future Spartans, I am pleased to award you the honorary degree of Doctor of Business from Michigan State University.

### RAJMOHAN GANDHI

You are an influential political leader, writer and commentator, and a widely praised historian and analyst of Indian affairs, having written several books on important Muslim figures in South Asian history.

You have authored two biographies on the life and legacy of your grandfather, Mahatma Gandhi. Through your lectures you continue to inspire efforts consistent with his philosophy for nonviolent change including issues related to India's freedom, the Muslim/West divide and Muslim/Hindu understanding, as well as climate change and environmental concerns.

For more than half a century you have been associated with Initiatives for Change, a group committed to trust-building, reconciliation, and democracy. You were instrumental in establishing Asia Plateau, a conference center for Initiatives of Change and recognized for its ecological contribution.

As a professor at the University of Illinois, you have inspired students with the political science and history of India as no one else could. Before teaching you were a research professor at the New Delhi think-tank, the Centre for Policy Research.

As a scholar, you have written perceptively on the Indian independence movement and its leaders, Indo-Pakistan relations, human rights, and conflict resolution. Your widely shared insights into Indian and South Asian history bolster democratic values and tolerance in Indian politics and help to foster peace and reconciliation between Muslims and Hindus, both within India and between India and Pakistan. For your efforts you have received numerous humanitarian awards.

For your passion and commitment to education, civil liberty, tolerance, economic justice, and peace-building, I am pleased to award you the honorary degree of Doctor of Humanities from Michigan State University.

## HONORARY DEGREE CITATIONS

### MICHAEL THORNTON LONGAKER

You are an internationally renowned "surgeon-scientist," a clinician and researcher who has made major breakthroughs in multiple areas of regenerative medicine, including wound repair and skeletal development and repair.

As the Deane P. and Louise Mitchell Professor and Vice Chair at Stanford University School of Medicine and Lucile Salter Packard Children's Hospital, you have most recently focused on skeletal stem cells and mesenchymal cells from adipose tissue and their applications for tissue repair, replacement, and regeneration. You are the director of Stanford's Children's Surgical Research and its Program in Regenerative Medicine.

You are a strong proponent of cross-disciplinary collaborations and currently hold courtesy appointments at Stanford in Bioengineering and the Department of Materials Science and Engineering. In addition to your prolific publishing portfolio—which includes 1,200 published papers—you are the inventor on more than 40 issued patents and patent

applications.

You have served as president of both the Society of University Surgeons and the Plastic Surgery Research Council. You have been elected to the American Society for Clinical Investigation, the Association for American Physicians, and the prestigious Institute of Medicine of the National Academies.

You earned your medical degree at Harvard Medical School and your MBA from the University of California, Berkeley and Columbia University, in the inaugural class of their combined program. As an undergraduate alumnus of Michigan State University, you will always be remembered by your fellow Spartans as a member of the 1979 NCAA Men's Basketball National Championship Team.

For your inspiring pursuit of medical progress and your innovative approach to some of the most important challenges to human health, I am pleased to award you the honorary degree of Doctor of Science from Michigan State University.

### BARBARA ROSS-LEE

You are a nationally recognized expert on health policy issues and a trusted advisor on medical education, minority health, women's health, and rural health care issues.

You currently serve as vice president for Health Sciences and Medical Affairs, as well as site dean for the New York Institute of Technology College of Osteopathic Medicine at Arkansas State University. You are the first African-American female to serve as dean of a United States medical school and the first osteopathic physician to serve as a Robert Wood Johnson Health Policy Fellow.

Your contributions to medicine have been recognized with many honors, including citation as one of the American Osteopathic Association's 40 Great Pioneers of Osteopathic Medicine and through The History Makers Foundation's Medical History Makers Award.

You have been appointed by the Institute of Medicine, the health arm of the National

Academy of Sciences, to join 18 other prominent medical professionals and scholars on its Consensus Committee on the Governance and Financing of Graduate Medical Education (GME). You were also appointed to chair the board of directors for the Institute for the Advancement of Multicultural & Minority Medicine, which focuses on eliminating health disparities in multicultural communities.

After earning your doctorate from the Michigan State University College of Osteopathic Medicine, you ran a solo family practice in Detroit. You returned to MSU as chairperson of the Department of Family Medicine and Associate Dean for Health Policy.

For your passion to improve the quality of life for others, and your commitment to training the next generation of medical professionals, I am pleased to award you the honorary degree of Doctor of Science from Michigan State University.

## BACCALAUREATE DEGREES

### HONORS

The University acknowledges candidates for the bachelor's degree who will graduate as Academic Scholars (A), from the Honors College (H), With Honor (\*), or With High Honor (\*\*). Academic Scholars completed a two-year honors program including at least four honors-caliber courses. Honors College graduates are academically talented students who have participated in rigorous, highly individualized programs of study, including at least eight honors-caliber courses.

Graduation Honors: the current minimum grade point average for seniors graduating With Honor is 3.71 and those graduating With High Honor is 3.89 (which is approximately 20 percent of graduating seniors who have earned the highest grade point averages). Recognition of graduation honors in the commencement program is based on the grade point average of all work at MSU completed prior to the opening of the semester of graduation. To be eligible for graduation honors, transfer students must earn a minimum of 50 semester credits at MSU.

### BOARD OF TRUSTEES AWARDS

Awards are made at fall and spring commencements to the six or more graduating seniors who achieved the highest cumulative scholarly records by the close of the preceding semester. At least three-fourths of the credits for the

degree must be earned at Michigan State University with numerical grades by the close of the preceding semester. Fall, spring, and summer graduating seniors are eligible. The President of the University acts for the Board in determining the recipients of the awards.

### Summer 2016

- Long Chen
- Shujie Chen
- Jency Jo
- Abigail S. Maynard
- Brady P. Ryan

### Fall 2016

- Rachael K. Acker
- Andrew T. Allmon
- Melissa C. Bucheli
- Miranda M. Bunker
- Erin K. Hand
- Michael A. Morrow
- Elise S. Pearl
- Rachel A. Rolinski
- Adam J. Schoonmaker

Honors associated with a degree candidate's name are based on the individual's cumulative grade point average through Summer 2016 and do not reflect Fall 2016 semester grades.

“Until the moment degrees are conferred and diplomas presented, a university and its students are in a temporary relationship. Either can disclaim the other at any time before that final moment. But when commencement is concluded, Michigan State University places its stamp of approval upon you. You become part of this University . . . forever.”

**John A. Hannah (1902-1991)**  
President, Michigan State University (1941-1969)
