Young Woman's Christian Association.

Motto.

Not by might nor by power, but by my spirit saith the Lord of hosts.

Object.

Our Young Women's Christian Association has for its principal object the uniting of the Christian young women of the College in striving to improve the social, intellectual and spiritual conditions of themselves and others.

History.

Three years ago when the course for women was first established in the College this Association was started. Miss Seymour, then State Secretary of the Y. W. C. A., came, and September 26, 1896, the girls then present were organized into a society. At that time there were, with the instructors, just enough active members to fill offices. No committees could be formed, but as the Association was so small all could work together in whatever was done. The next March a regular election of officers was held and one of the students elected president. Something like organized work was then begun. Lack of active members has ever been a hindrance, but each year brings an improvement. We have this year nearly the full corps of elected officers beside many old members to begin our work with. One delegate has been sent each of the last two spring terms to the Lake Geneva Summer School. Next year we desire to do better than this, and not only

send two or more there, but one at least to the State Convention. In order that an Association of our strength may accomplish this with its other work, will require earnest prayer and persistent effort on the part of each member, either new or old.

Meetings.

The regular meeting is held in the parlors of Abbot Hall from 6-20 to 7 every Thursday evening. Short vesper services are conducted other evenings after supper. Sunday evenings at 7 o'clock we unite with the Y. M. C. A. in meetings held in their rooms.

We have the promise of large, pleasant rooms in the new Woman's Building. These will be of much value to us in our meetings and in many other ways.

Bible Study.

During the past year some of the girls have pursued one of Miss Laura Wild's courses in Bible Study entitled "Women of the Bible." The class was quite large but was not divided. One of its members acted as leader, and the meetings were held usually in one of the girl's rooms just before "Quiet Hour" on Sunday afternoon. This year we hope that two or three smaller classes may be formed, some taking this same study, and others advance work. No true student can afford to neglect this part of her education.

Constitution.

NAME.

This society shall be known as the Young Women's Christian Association of the Michigan Agricultural College.

MEMBERSHIP.

1. Active membership of the Association shall consist of any women connected with this institution who are members in good standing of evangelical churches, and have been elected by a majority vote of the members present at any meeting. Only active members shall have the right to vote and hold office.

2. Any woman in the institution may become an associate member by a majority vote of the members present at any meeting.

3. Any woman who contributes to the funds of the Association an amount not less than the regular membership fee may be elected to honorary membership, and shall be entitled to such privileges as the Association may deem desirable, except power to vote.

4. The membership fee shall be \$0.25 per annum.

5. It shall be the duty of each member in all possible ways to advance the object of the Association, making it a prominent factor in college life. This may be by consistent personal life and work, or by organized committee service.

Otherwise our Constitution is nearly identical with that of the Y. M. C. A. found in another part of this book. The work of our committees also, is about the same.

Young Men's Christian Association.

History.

Mr. George Williams, and several other young christian clerks in a large dry goods establishment in London, formed themselves, in the year 1844, into a christian band, known as the Young Men's Christian Association. The spirit of union rapidly spread to christian clerks of other establishments until the first Y. M. C. A. made itself felt as a christian influence with a definite object to extend to other clerks the hand of christian fellowship and welcome them into the service of their Lord. The spirit of fellowship between christian young men spread so rapidly over all Great Britain and the continent that in ten years there were two hundred bands of christian young men working under the name of the Young Men's Christian Association.

Within a year after an association was planted in Montreal. Soon other associations were formed in Boston, Baltimore, Washington, Buffalo and New York. Since then the growth of the organization has been most wonderful and rapid.

The Inter-collegiate movement is but one branch of this world-wide movement for young men. It was started at the convention at Louisville in 1877, when there were Associations in but 25 colleges. Now there is scarcely a college or university in the country where the Y. M. C. A. is not doing aggressive and effectual work for the Master among the students.

Our local Association was organized in 1881 out of the old "College Christian Union," which had been in existence among the students since 1871. Our present rooms were fitted up in 1886 but have since undergone changes which add much to their attractiveness.

Our Rooms.

Our rooms are pleasantly situated on the first floor of Williams Hall, north side. They are always open and in them may be found current numbers of Association papers. The music in our meetings is much improved by the addition of the piano. Several new pictures have lately been purchased which add much to the attractiveness of our Association home.

Meetings.

Our meetings are open. All are cordially invited to attend whenever possible. Try to be regular, especially Thursday nights, when we have our best meetings. These begin at 6-20, right after supper, and close promptly at 7 o'clock. The meetings Sunday nights begin at 7 o'clock and are a union of the two Associations. Try to attend this meeting instead of going to other places.

How much better is it to get wisdom than gold? And to get understanding rather to be chosen than silver?

Bible Study.

Daniel Webster says: "There is more of valuable truth yet to be gleaned from the Sacred Writers, that has thus far escaped the attention of Commentators, than from all other sources of human knowledge combined." How much of this valuable truth are you securing?

The Bible Study Department proposes a cycle of study to be covered in the four years of college life. It is intended to give as comprehensive and at the same time as thorough a knowledge of the English Bible from the practical and devotional sides as is possible in the time.

The proposed cycle is as follows: First year, "Studies in the Life of Christ;" second year, "Studies in the Acts and Epistles;" third year, "Studies in Old Testament Characters;" fourth year, to be announced later.

This year the Association offers the first two courses, and expects to add the third next year. These courses are based on Stevens and Burton's "Harmony of the Gospels" and Burton's "Records and Letters of the Apostolic Age." Studies are furnished with each course, which treat the text assigned for each day, by detailed directions for reading, by cross references, by brief historical notes, by clear and pointed questions and by practical and devotional reflections.

Students who undertake the work are expected to spend at least twenty minutes a day in preparation and to meet once a week with the leader for conference and discussion.

W. W. WELLS,
Chairman of Bible Study Committee.

Lake Geneva Summer School.

The deepest source of inspiration for Association work in the Colleges of the middle west is from Lake Geneva, Wisconsin. Here are held ten-day conferences at the close of the school year and the delegates are placed under the instruction and leadership of such men as John R. Mott, W. W. White, S. M. Sayford and J. Wilbur Chapman.

Last June there were 376 students and 42 other delegates and speakers present, representing 158 Colleges and Universities in 15 states. M. A. C. was represented by three men.

The beauty and quietness of Lake Geneva, with the enthusiasm of the speakers for Christian work among College students, makes a visit there to be remembered in one's Christian experience.

Receptions.

On the first Friday night of each College year the Association gives a reception to the new men in the rooms. This is followed the next Friday night by the Faculty reception in the Armory. Last year several union Association socials were held with good success. We hope to make these a permanent feature of our Association life.

He that is slow to anger is better than the mighty; and he that ruleth his spirit, than he that taketh a city.

Finances.

The finances of the Y. M. C. A. are maintained by the payment of fifty cents each term, by all members. Besides this fee, subscriptions have been taken for special purposes. Last year \$17.00 was raised to buy pictures for our rooms, and \$45.00 to help send three men to Lake Geneva. The expenditures are in support of State and International work, sending men to State conventions, and incidental expenses. We feel that our work has been heartily supported financially by the students and faculty.

Missions.

The interest of missions in our College is advanced by our Missionary committee. Last year weekly pledges were taken from a large number of the members and the amounts given for missionary work.

Believing that an interest in missions is but a reflection of the spirit of Christ, the union meetings are given up to Missionary topics two or three times a term for which very interesting and helpful programs are gotten up by the committee.

Although there is no Volunteer Band at M. A. C., yet an earnest mission study class has been maintained during the past year and we hope that still further work may be done in this direction. There have been three courses taken up and completed, viz:—First, "Africa Waiting;" second, "Dawn on the Hills of Tang;" third, "Social Evils

in the Non-christian World." Feeling that the influence of these studies have been very helpful, we hope that this year more may be interested in the cause of Christ's work in the distant parts of the earth and brought to see the relation we each, individually, bear to this work,

Oratorical Contests.

Several societies already have annual declamatory contests for their freshmen which are giving good results. The Oratorical Association is composed of the Columbian, Eclectic, Feronian, Hesperian, Olympic and Union Literary Societies, and the annual contest in the winter term is between representatives of these societies. The one taking the gold medal here is usually the representative of the College in the state Inter-collegiate contest. Great interest is taken in these contests by the societies and a high standard of excellence is set in the orations.

The Faculty have offered substantial prizes for oratory and debating which were competed for by representatives of the societies the last week of the spring term. This contest is discontinued after 1899.

Literary Societies.

One of the great elements of student life at M. A. C. is the Literary Societies. These hold their meetings Saturday nights and furnish a home for their members during the week. New students are urged to join where they are at home and feel they can get the most benefit. But do not be wholly absorbed in your society.

The Thinking Cap.

Put it on when you choose a room-mate.

Keep it on when you join College organizations.

Do not let anybody else wear it for you.

Be sure it fits when you go to a test.

Never! No, never! leave it laying around loose. (A good rule is to follow it in regard to your own property.)

Keep it well brushed! the cobwebs will gather if you study too late.

Take it with you everywhere you go; to church as well as to class.

Do not imagine it will replace the textbook.

If you do all this, then take it off for two weeks Christmas.

“Two Doses
Stopped 
My Cough”

is what a lady said of Bauer's White Pine Cough Syrup. It does not cure everyone so easily, but most people are satisfied with the results.

Bauer's White Pine Cough Syrup is the best cough medicine we have seen in twenty years of making cough medicine. It goes to the spot at once, loosens the phlegm, quiets the irritation and gives rest and comfort.

If anyone is dissatisfied after using half a bottle, we buy it back.

25c.

 Remember we keep everything else you expect to find in a large first-class drug store, and are never undersold. Good place to wait for the College Car. Chairs always handy.
