

The M. A. C. RECORD.

MICHIGAN STATE AGRICULTURAL COLLEGE.

VOL. 10.

LANSING, MICHIGAN, TUESDAY, OCT. 18, 1904.

No. 5

M. A. C. 29, PORT HURON 0.

M. A. C. won its third victory Saturday over the strong Pt. Huron Y. M. C. A. team by the score of 29 to 0. Port Huron was strong individually but lacked team work while the work of the M. A. C. team was good at times and ragged at others. M. A. C. used 15 men in the game, Graham and Small each playing one half at quarter and Boyle and Holdsworth sharing left end. Hahn played a strong game at left half. Port Huron was made up of old college and high school stars and put up a plucky game. The nearest they came to the M. A. C. goal was in the last few minutes of play when they rushed the ball to the thirty yard line when they were held for downs.

M. A. C. SECOND TEAM 6—FLINT STATE SCHOOL 5.

The second team won its second victory of the year by defeating Flint, Saturday, by the close score of 6 to 5. Flint defeated the second team last year 17 to 0, and the boys went down for revenge this year. Buss played a good game at quarter, and all the team played good ball. Flint gave them royal treatment; so good in fact the boys said they were sorry they beat them.

The second team was made up from the following men: W. H. Parker, C. A. Lemon, A. C. Brown, Frazier, Gasser, Parsons, Charleton, Bates, Buss, Burdette, Thomas, Kramer, Smith.

M. A. C. AT ALBION.

On next Saturday our foot ball team goes to Albion to play our first intercollegiate game this season. It is to be hoped that the team will be accompanied by a good crowd of rooters, for this will be one of the hardest games of the season. The outlook is as follows: Albion's line averages about 200 pounds to the man, while ours will average about 170, making their line about 30 pounds to the man heavier. It is believed, however, that our back field is superior to theirs and if the same tactics which were played in the Ohio game can be used on Saturday, we stand a chance to win out. It goes without saying that both teams will play the game of their lives and both, of course, expect to win. It is to be hoped that our team, as well as those who accompany them, will bear in mind the feeling existing between the two colleges, and so conduct themselves, and play such good clean ball that the feeling may, in a measure, be removed. We believe that this will be done and also believe that our boys can and will win this game.

Arrangements are being made for a special train leaving Lansing between 9 and 10 Saturday morning and returning after the game. The rate will be very low and let everybody go who possibly can.

Two mass meetings will be held during the week to practice yells

and arouse enthusiasm. It is not fully decided when these meetings will be held, but announcements will be made so that all may have an opportunity to go and help out.

VICTORY FOR M. A. C.

Mr. E. S. Bartlett, one of our five-year freshman students, won first prize in a sheep shearing contest held at the St. Louis exposition on Oct. 13. His time was four minutes, eighteen seconds. The prize consisted of a \$125 trophy.

FARMERS' CLUB.

At the last meeting C. A. Willson read a very interesting paper on the most practical methods of harvesting the corn crop. He brought out many new and valuable points, and an interesting discussion followed. An amendment was passed to the constitution changing the time of meeting from Wednesday to Tuesday night. The object of this was to allow students to attend the meetings of both the Farmers' Club and the Hort. Club. After the business meeting, President Hogue delivered an eloquent oration, which had a strong effect upon those present. Every one agreed that it was the most masterly production they had ever heard. The club then adjourned to meet again on Tuesday, Oct. 18th. At this meeting there will be a discussion of the most practical methods of handling the hay crop. Everyone is invited to attend.

BIBLE STUDY CLUB.

A "club" for the general study of the Bible has been organized, and will meet regularly at 2 30 p. m. on Sunday, in No. 7, College Hall. The subject for next Sunday will be "The history of the New Testament, chronological order of the books, authors of same, authority by which the list of books was finally established, etc. All persons, ladies or gentlemen, interested in such questions, are invited to join.

MILITARY HOP.

The first "military" of the season was held at the armory, Friday evening, under the direction of Capt. Fowler. A brilliant company of more than a hundred couples, almost wholly composed of college people, gathered at the accustomed hour and, under the inspiring strains of the grand march, played by the Germania Orchestra of Battle Creek, presented a gay scene, as as they made the circuit of the great hall. The music throughout the evening was fine and met the approval of all. The number of uniformed men in attendance was probably less than it will be later in the season, although a large part was so attired. Prof. and Mrs. Vedder and Mr. and Mrs. Brown

were patrons. Mingled with the gay throng were also Dr. and Mrs. Waterman and Mr. and Mrs. Palmer. There was also noted among the dancers the genial countenance of Mr. Dail of '02.

Altogether Capt. Fowler and his assistants are to be congratulated upon the success of the first "military" of the year.

JUNIORS 12, FRESHMEN 0.

The first game of the inter-class series was stubbornly fought until the last two minutes of play, when Spencer broke through the freshmen's left tackle for 90 yards and a touchdown. After the goal was kicked another touchdown was made by Barnett after an 80-yard run. Rasmussen starred on defense for the juniors, while Bell of Marquette H. S. was the all around star for the freshmen. The juniors have not lost a game since they entered college.

Y. M. C. A.

The interest in the Thursday evening meetings is growing every week. The association is planning to purchase more chairs to accommodate those who have had to stand during the last few services. At the last meeting led by Mr. Bell assisted by Mr. A. A. Fisk and Mr. Crosby, there was the largest attendance there has been since school began this year. It is the plan of the Y. M. C. A. to make these meetings of interest to every man by choosing topics that touch the life of the college man.

The work for more men in the Bible classes is still going on. There were between 90 and 100 men in the classes Sunday morning, but the mark has been set at 200. This means that every man who is interested in the study, and feels it is a benefit to him, must strive to get others interested. The three classes in the Life of Christ have a total enrollment of 95. Will all those who wish to take the course in "The acts and Epistles" please report to Mr. Collingwood in room 9, College Hall, at 8:15 Sunday morning? Dr. Edwards' class in Bible study, which is given especially to the older students, is held in room 7 at the same hour.

Rev. Dr. Worrell gave a very convincing argument for right living when he addressed the congregation of students in the Chapel Sunday morning.

Mr. Carl Smith spoke at the Sunday evening meeting on the responsibilities of the Christian man and woman in college. His report of facts given at the Secretaries' Convention at Columbus, Ohio last week, show that the conditions in college religions are much the same in the different schools. Too much indifference on the part of the Christians towards those who are not. The idea that Christian work draws a man out of himself and makes him see beyond the regular routine of daily life was well brought out.

ALUMNI.

'83.

William A. Bahlke, the democratic candidate for congress from the eleventh district, was born July 4, 1861, on a farm near Pewamo, Ionia county, in this state. His parents are German by birth and are still living at this village. Mr. Bahlke was educated at the local schools, entered the Agricultural College at Lansing in 1879 and was graduated in August, 1883. He studied law and was admitted to the bar at Ionia in February, 1883. He at once located at Alma for the practice of his profession, where he has resided ever since. Mr. Bahlke is an able, honest and reliable attorney and citizen. He has made the practice of law a success. He believes it to be a business as well as a profession, and that the attorney who cannot bring satisfactory results to his clients, cannot make anything for himself. This is the key to his success. He is a skillful practitioner, a great judge of human nature and a forcible speaker. If elected to congress Mr. Bahlke may be depended upon to see that something is doing. He will be active and accomplish something for his district and state. He asks for a cordial support of the people in his candidacy. His friends believe him worthy of it. He may be depended upon to give a good account of himself.—*Saginaw Evening News.*

'98.

O. H. Reid, with '98, is the democratic candidate for state senator from the 14th district. *The Lansing Journal* has this to say of Mr. Reid: "He is a young man of about 34 years of age, and a close student of public affairs. He was admitted to the bar a few years ago, and is preparing to make a reputation for himself in his chosen profession."

'00.

The wedding of Mr. Louis Appleyard to Miss Susie Davis occurred at seven o'clock on the evening of October 7, at the home of Father Brancheau, 217 Seymour St. After the ceremony the bridal party were received at the home of the bride's parents, Mr. and Mrs. Geo. Davis, 300 Pine St., S. The house was prettily decorated with palms, ferns and white carnations. The bridal supper was served by the Misses Grace and Irene Cooper and Bertha Huyck, after which Mr. and Mrs. Appleyard left for Philadelphia. Mr. Appleyard has a position with the Turbine Electrical Company at the above place.

'02.

Harry J. Brunger is working on Placer mining elevator dredges with the Bucyrus Company of Milwaukee, Wis. He states that the work is "mighty interesting," and seems pleased with the future outlook. Homer Fay, with '01, is also with the above company.

TUESDAY, OCT. 18, 1904.

OUR thanks are due the young people who have, during the past two weeks, been soliciting subscriptions to THE RECORD. It will be of interest to know that by their efforts nearly one hundred names have been added to our mailing list. That this effort, and also the generous response on the part of students, is appreciated, we shall endeavor to prove in future issues of THE RECORD.

Following is a list of new students entering for the fall term's work, together with home address of same. The letter a signifies agricultural course, in the mechanical and w the womens.

BLOCK.

ABOUT THE CAMPUS.

Mr. W. Robison and wife of Milan, are visiting their son, Floyd W., and family for a few days.

The forestry department would like to purchase a few bushels of fresh butternuts and black walnuts.

The Ero Alphians have received their new society pins which consist of very neat monograms of the Greek letters E. A.

W. C. Strand who was ill in the hospital for several days left for his home in Otsego on Thursday of last week.

E. I. Dail, '01, and Alex Krentel, '99, were among the M. A. C. alumni who attended the first military of the year on Friday evening.

The class in metallurgy expect to make their usual visit of inspection to the steel and various other plants in Chicago about October 20. There will be about 30 in the party.

The forestry department has been asked to furnish a dealer 150 pounds of beech nuts, a hundred pounds or more of bur oak acorns, and a ton of white pine seed.

A circular announcing the creamery course at Purdue has been received. The work begins October 31 and closes December 22. Prof. VanNorman, '97, is in charge of the work.

Former students will remember the two oak trees on the lawn due west of the College Hall, and the garden seat between them. Well, one of the trees, the one to the north was dying and had to be re-

moved. The old boys will learn of this with regret.

Professor Dr. Albert Orth, Director of an agricultural experiment station near Berlin, Germany, was a visitor at the College last week. Dr. Orth was especially interested in soils and fruits, and stated that he had never before seen such fine apples as those on the trees in the College orchard.

Mr. George T. Shoens, for five years a teacher in the Philippines, was a visitor at the college the past week. Mr. Shoens has been in America during a greater part of the summer and expects to return to his work in the Islands on Nov. 1. His home is in Syracuse, N. Y. Mr. Hidrosollo, who entered college at the beginning of the fall term, was one of his former pupils.

Mr. Enrique Aguilar a young man from Camaguey, Cuba, has just entered the 5 year mechanical course. Mr. Aguilar, who is a cousin of Antonio Borrero, Sp. '00, was at the College a few years ago and attended the public school for a time. He has been a student at the New Jersey Military Academy for about two years, but has been at his home in Cuba during the past summer.

Maj. McKenzie of the Salvation Army, gave a stereopticon lecture in the Chapel on Friday evening. He depicted the slums of New York and the methods of work employed by the Salvation Army to alleviate the sufferings of the needy. A number of moving pictures were also shown which brought forth

applause, especially from the small boys. On the whole, it was a creditable entertainment and seemed to be enjoyed by all present.

Every autumn it is found necessary to catch ten to fifteen muskrats from time to time as they visit the ponds in the botanic garden where they do considerable damage to aquatics. Mr. Seeley while at work in the garden has been very successful catching muskrats for which traps are kept continuously set. One of these traps has caught two bullheads in succession, each about six inches long.

The old graduates up to 1885 will remember that the tools of the Horticultural Department were stored in the basement of College Hall, which was so dark that little tinkering could be satisfactorily done there, and so damp that the tools rusted badly. Years ago a new building was constructed which contained a good room for storing tools. Can you believe it, the students have so increased in numbers, with much less increase in laboratories, that two-thirds of the basement has been fitted up for class rooms. Engineer Newell said this was possible for two reasons,—we now have steam heat and electric lights. Besides this, the teachers who use these new rooms are doing their best to see that the students under their charge do not become rusty.—W. J. B.

The Republican Roosevelt-Ferris club was addressed on Tuesday noon last by Attorney A. M. Cummins of Lansing. In the short time at his disposal Mr. Cummins pre-

sented in a very able and fair manner the attitude of the two candidates for governor toward primary reform and machine legislation. He compared the present Macedonian cries of the machine men to the Irishman who cried to another one at some distance to come and help him get another man out, who was stuck in the mud up to his ankles. After calling several times and receiving no reply he became more urgent so that the other asked him what his hurry was, if the man was only in up to his ankles "I forgot to tell you," he said, "that he is in head first up to his ankles." That the machine republicans are uneasy is shown by the fact that they have called into the state men of national reputation to help stem the tide which is going toward Ferris.

The main points discussed was the defeat of the Colby primary reform law by the republicans last year, the repudiation of primary reform by the state convention, which was "held in the hollow of one man's hand," and the inconsistent attitude of the machine leader, who, after having killed the primary reform in convention, now advocate it "in spots" which is not the issue at all.

Much stress was laid on the fact that young men cannot afford to be blind to the principles of right and wrong by sticking to a party after it has been dominated by unprincipled men until it is "temporarily recreant" from its own fundamental principles. "Be a party man, but be untrue to your party rather than to yourself."

Lost—A bunch of keys. Finder please return to room 121.

The coal hoppers for the new power house have been received.

Fourteen students have entered for forestry as against four in 1903.

Mrs. C. L. Bemis of Ionia, was the guest of her daughter Bessie, over Sunday.

The sub-freshmen held their first class meeting in the Chapel on last Friday at 12:20.

Foreman E. R. Blair was called to Alpena last week on account of the serious illness of his sister.

Miss Ernestine Dimmick, who was in college last year, is visiting college friends for a few days.

In a practice game between the sub-freshmen and sophomores, the former were beaten by a score of 28 to 0.

The public sale of pure bred cattle, sheep and swine was held at the Agricultural College grounds Oct. 11.

As is well known it is necessary for the college to maintain a large number of pure bred animals for instruction in breed type, methods of breeding, and different lines of live stock experimentation. The progeny of these animals has been increasing from year to year until it became necessary to reduce the number. Accordingly the Agricultural Department adopted the method of disposing of its surplus stock by offering them at public auction.

The sale had been fairly well advertised but it is doubtful if farmers and breeders had correct ideas of the amount and quality of the stock offered. While the sale, if advertised outside of the state, would have attracted buyers, it was not the policy of the college to do this, and it is greatly to the profit and credit of the live stock interests of the state that all the stock sold was purchased to be used in improving the flocks and herds of Michigan.

Complete preparation had been made for the comfort and convenience of spectators and buyers. The large live stock class room with its raised seats and ample floor space, made an ideal sale ring; the toothsome lunch and the hospitality of those connected with the college made everyone welcome and showed that careful attention had been given to every detail.

Auctioneer H. L. Pollock, of Charlotte, Mich., knows the tricks of his trade and can keep the buyers busy and the crowd interested.

There was only a small handful of buyers present at the sale. The prices received for the stock sold were very low considering the quality of the animals. In all classes the animals offered were select and showed much uniformity in type and were in first class breeding condition; no inferior animals were offered. The fact that a first premium Shorthorn calf at the last state fair was started at the low bid of \$25.00 was sufficient evidence to prove that the sale was not attended by Shorthorn buyers. There were evidently no purchasers present for Angus and Hereford cattle, Rambouillet sheep and Berkshire or Yorkshire hogs. The other offerings of sheep and swine sold moderately well.

On Thursday evening, September 15, quite a goodly number of alumni in attendance at the Exposition

gathered at the Horticultural Building and after partaking of a bountiful repast enjoyed a social evening. Following are the names of those who were present: C. B. Waldron, '87, of North Dakota; Peter H. Felker, '71, St. Louis, Mo.; P. G. Holden, '89, Iowa; E. A. Burnett, '87, Nebraska; Chas. F. Wheeler, '91, Washington, D. C.; F. B. Mumford, '91, Missouri; H. W. Mumford, '93, Illinois; C. B. Smith, '94, Washington, D. C.; V. V. Newell, '94; A. G. Gulley, '68, Connecticut; W. A. Taylor, '88, Washington, D. C.; Dr. G. C. Crandall, St. Louis, Mo.

RESOLUTIONS

Adopted by the Olympic Society on the death of Noel M. Morse of Carson City, Mich.:

WHEREAS, It has been the will of our Heavenly Father to call our beloved brother, Noel M. Morse, to his final home, and,

WHEREAS, He was an active and much respected member of the Olympic Society, be it

Resolved, That we, the members of the Olympic Society, extend to the family and friends of the deceased our most heartfelt sympathies, and be it further

Resolved, That a copy of these resolutions be sent to his family, and one be published in the M. A. C. RECORD, and one placed on the records of the society.

M. LEE KINGSLEY,
I. E. PARSONS,
ROSCOE J. CARL,

Committee on Resolutions.
