

The M. A. C. RECORD.

MICHIGAN STATE AGRICULTURAL COLLEGE.

VOL. 15.

LANSING, MICHIGAN, TUESDAY, SEPTEMBER 28, 1909.

No. 2.

LIBERAL ARTS UNION—ENTERTAINMENT COURSE.

The attention of the readers of the RECORD is invited to the very excellent entertainment course offered by the Liberal Arts Union to the college people and others who may be fortunate enough to secure tickets. The numbers and dates are as follows:

Mme. Rita Fornia and Kaltenborn String Quartette, Oct. 18.

Dr. Edward Burton MacDowell, Nov. 12.

Lorado Taft, Dec. 8.

Gov. E. W. Hoch, Feb. 22.

May Festival—two concerts. Dates to be announced later.

Season tickets are sold at \$2 for the six numbers, and can be obtained at Secretary Brown's office, where seats can be also reserved prior to each entertainment without extra cost.

Mme. Rita Fornia is a *prima donna* soprano from the Metropolitan Opera Company of New York City. She is a native American, born in San Francisco and has studied abroad for several years, and has had the advantage of special training under Jean de Reszke, and has sung in English, German and Italian opera, taking the principal *role* under such managers as Savage and Conried. She will be supported by the Kaltenborn String Quartette and a competent accompanist. The quartette is well known of its own merits and will render an excellent program of duets, trios and quartettes and violin and cello solos.

Dr. Edward Burton MacDowell is a widely traveled and educated lecturer and correspondent. The subject of his lecture will be the Panama Canal, a project of great moment and interest to all, and will be splendidly illustrated with lantern slides and moving pictures showing the scenery of the canal zone and the methods and progress of the digging of the great ditch.

Lorado Taft, in addition to being one of the foremost of American sculptors, has the happy faculty of taking and holding an audience as he tells about his work. He brings to the lecture platform the complete paraphernalia of the sculptor's studio and in the presence of the audience shows how plastic clay is shaped into artistic and beautiful forms and made permanent in the plaster cast. His subject is "A Glimpse of a Sculptor's Studio, or How Statues are Made." The writer is personally acquainted with Mr. Taft, has heard his lectures and knows that no one can afford to miss the opportunity to hear him.

Gov. E. W. Hoch, while governor of Kansas, was instrumental in securing to that state radical but much needed legislation for the control of corporations, the revision of taxation, pure food, judicial reforms, etc., and became thereby a national figure. He is a man of principle, and earnest conviction and has a forceful way of presenting his views whether in public or private. By means of these qualities of mind

and manner he is in great demand as a public speaker on economic subjects.

The May Festival is happily an established institution at M. A. C. The M. A. C. Chorus, which has undertaken to present two concerts at the May Festival will be under the direction of Mr. Killeen and will be assisted by outside talent of known ability.

The program this year will be of a lighter character than formerly and there can be no doubt as to the artistic success of this musical event.

The entire progress of the course should appeal to every one for its variety and excellence. The expense connected with the enterprise is large, and hearty and generous support for the undertaking is asked of the students, faculty and community.

G. W. BISSELL,
Pres. Liberal Arts Union.

NEW MEMBERS OF FACULTY.

PHYSICS DEPARTMENT.

Mr. Ernest Roller, A. M., Instructor in Physics, will have charge of the agricultural students. He is a graduate of the DePauw University, Greencastle, Indiana, class of 1900 with an A. M. degree 1906. He has had a number of years' experience as a teacher in physics, recently in Lafayette, Indiana. He is a man with a family and lives in Mr. Woodbury's house on Abbot road.

Mr. G. A. Kelsall, B. S., Instructor in Electrical Engineering, graduated from the Rose Polytechnic School, Terre Haute, Ind., class of 1906. He has had experience with the General Electric Company and the Westinghouse Company. He came here from the Indiana Steel Company, Gary, Ind.

FOUR M. A. C. FORESTERS IN ACTUAL SERVICE.

This summer J. Coney DeCamp, Chester S. Wagner, Roy S. Wheeler and Irving Gilson have had the experiences of actual forestry service. These men spent the vacation period in one of the state reserves of Montana, patrolling the woods on the look-out for fires and studying the various methods of forest protection.

This position paid a salary of \$75 per month and is looked upon as a very probable resource by the present class in forestry.

ALUMNI

Herschel B. Lazell.

Herschel Bouton Lazell, with '91, was born at the home of his grandfather Lazell, August 22, 1866, in Eaton county, Mich. At the age of two years his parents moved to Grand Ledge, where he attended the village school and worked with his father. When he was 20 years old he entered the class of '91, but before he had completed the course here he went to Colorado, where he remained until 1893. After studying law for a period of three years in the offices of Cassius Alexander of Grand Ledge and A. A. Ellis of Ionia he was admitted to practice and later appointed State reporter by the supreme court of Michigan.

Death is the result of tuberculosis, which developed from a severe attack of typhoid fever last fall. It was only with strenuous efforts that he had been able to exercise the duties of the office. He was removed to Bellevue September 13, where it was hoped he might regain his strength, but with no avail.

He is survived by his wife, one son, John B. Lazell, and one step-daughter, Miss Jessie Tompkins, of Lansing. The funeral services were held Friday afternoon at the home.

My Dear Mr. Wright: Enclosed find fifty cents (50c.) for one year's subscription to the RECORD, to start whenever my old subscription expires. Please change my address from East Lansing to Nevada City, Calif., Box K.

Although I have severed my active connection with M. A. C., still I feel as keen an interest in the doings about the campus as ever and would hate to miss even one number of the "College Lemon" with all its newsy notes, for anything that sounds like old times is gratefully received out here in the wild and mountains of California.

With kindest regards to yourself and to old M. A. C., I remain,

Yours sincerely,

J. ALFRED MITCHELL, '09.

J. C. Hoppam, '09, has accepted an instructorship in the mathematics department of this college.

A CONSTANT STREAM OF NEW THINGS

CHARMING, EVERY ONE OF THEM

WE started this fall with an even more extensive showing than ever before. As you glance over hundreds of styles you will quickly see that there is a decided tendency toward closer fitting garments and coat dress effects; also that the dominant feature in everything is the Moyen-Age Effect—the newest, oddest, most attractive style introduced in years. Colors were never prettier, and there are enough fashionable shades for everyone to find a becoming one. There seems to be almost a passion for all tones of Violet, from the deepest purple to the softest shades of Lavender. Raisin is good; Catawba Blue, Black and Grey.

ATHLETICS

PROSPECTS BRIGHT.

All the old men who played last year are back except Wheeler, and Coach Brewer is expecting him the latter part of this week. They are Captain McKenna, Cortright, Excelby, Moore, A. T. Campbell, Frank Campbell, Shedd, and Lemon. Last year's substitutes are Malisky, Patterson, Ballard, Stone and McWilliams from the team of 1907. These men are in first class shape and are practically ready for a hard game at present. Most of the best from last year's scrubs are back.

Among the new material we have the most promising lot of candidates that have ever entered the institution. Among the best known are Johnson from Saginaw High School, Carey from Harbor Springs, Davis, captain of Western High School, of Detroit, last year, Hill, Woodley, Morlach and Montford from Benton Harbor High School, Shaw from Muskegon, Schwartzmeier from Buffalo, N. Y., and Riblett from Elkhart, Ind., quarterback and captain and quarterback of the state team.

There are many others who are making good showing and although it is hard to size up 70 men in so short a time, Mr. Brewer has confidence that he will find dark horses of good quality from the material at hand.

BREWER GETS BRUIN.

Coach Brewer received a brown cub from Montana, Monday morning. He had been captured by G.

H. Bignell, Chas. Edwards, R. V. Tanner, C. De Camp and Frank McClung, of the forestry class of '09, Dor Skeels, '04, and "Buck" Wheeler, '10. These men have been actively engaged in the forestry service of the state, and it was while scouting the woods that the mascot was captured.

He is a bright little fellow with a fine brown coat and sparkling brown eyes. Mr. Brewer will name him after the state from which he came, and considers the right wholly his from the fact that the express bill amounted to ten dollars, which he paid.

The first game will be held Wednesday between the two teams selected from the best of the squads. They will play 20 minute halves. The Flint "Dummies" will open the season Saturday in the annual game.

THE ENTERING CLASS.

The entering class is larger than any preceding class. It will, by the end of the week, reach the 500 mark.

The class is not only larger than preceding classes but is also of better quality. Sixty-three per cent. of those entering qualified for the four-year courses, as against fifty-seven per cent. last year. The relative number of students entering the agricultural and forestry course is larger than heretofore. Thirty-eight and one-half per cent. of those entering will study agriculture or forestry.

'09.

Mr. Robert E. Dickson, '09, has recently received word from Yale university that he may enter that institution and receive a degree of M. S. after one year's work in the forestry course there. M. A.
