

The M. A. C. RECORD.

MICHIGAN STATE AGRICULTURAL COLLEGE.

Vol. 15.

LANSING, MICHIGAN, TUESDAY, MAY 10, 1910.

No. 31.

INTERSCHOLASTIC.

The program for the interscholastic meet this week will be as follows:

Friday afternoon, a ball game between Syracuse University and M. A. C.

Friday evening will be students night, and a program consisting of stunts peculiar to student life will be given. The bonfire will also be a feature.

Saturday morning there will be a ball game between M. A. C. and the Kalamazoo Normal and in the evening a band concert and promenade. The meet will begin at one o'clock on Saturday. The one last year was as large and as good as any held in the west, and this year's meet promises to be even more successful. All the better high schools from all sections of the state have signified their intention to be represented.

Upon the occasion of this meet will be held all day Friday and Saturday the annual exhibit of public school work in drawing. This exhibit will be held in the Engineering building and under the auspices of the department of drawing and design.

SACRED CONCERT.

The sacred concert given on Sunday afternoon in the college armory was an occasion of great merit. The band, under the direction of Prof. A. J. Clark, showed the effect of fine training, and though some of the men were absent because of illness the parts were all taken very satisfactorily. Among the numbers deserving especial mention for their excellent rendition are the march from "The Prophet" and the Bach number "Ein Maerchen."

Mr. DeGraff's work on the violin and Mr. Hallock's baritone solo (the latter taking the place of Mr. Johnson on the program) were much enjoyed. An M. A. C. audience always appreciates Mrs. Moore's singing and we were fortunate to have her again at this time.

The college choir under Miss Freyhofer gave Dudley Buck's fine composition Cantate Domino in a very artistic manner. The voices harmonized beautifully and the duet and solo work were particularly pleasing.

As a fitting close to the program the large audience joined in singing "Softly now the light of day," to the accompaniment of the band. The question arises whether the applause which followed each performance did not detract somewhat from the purpose of the music and the devotional spirit which that purpose requires.

The board of directors of the Boarding Club Association has elected the following officers for the coming year: President, Barton O. Withall; vice president, Jas. E. McWilliams; secretary, G. E. Sanford.

COSMOPOLITAN CLUB.

Object.—To celebrate the second anniversary of the peace conference at Hague, and also to entertain the visitors from all over the state.

Subject.—"About International Peace."

Speakers.—Mr. Shepherd Lefler, Hon. Thos. Gunson, Mayor of East Lansing, Mr. Frank Maywood, student of University of Michigan, Vice-president of 2nd district A. C. C., Mr. Arthur Fish, and Judge Collingwood.

The addresses will be interspersed with excellent music.

Admission free. Everybody cordially invited. Time, 7:30 p. m.; date, Saturday, May 14th; place, chapel.

FERONIAN.

The members of the Feronian Literary Society were entertained Friday night at a dancing party by Miss Sophie Dodge at her home, North St., Lansing.

Refreshments were served in the dining room, Mrs. F. L. Dodge, Mrs. C. D. Dodge, and Mrs. Black presided, assisted by four little girls. The decorations were in yellow and white, lilies of the valley and yellow tulips being used with southern smilax. Music was furnished by M. A. C. orchestra.

Mr. and Mrs. Franklin Dodge and Mr. and Mrs. Chas. Dodge kindly acted as patrons.

INTERSOCIETY MEETING AND MATCH.

Last Saturday afternoon, May 7, Delphic and Forensic societies had a baseball match, scores being 36 to 17, favor of the Delphic. This seems like a foot ball score, but it was not a foot ball game. In the evening the Forensics invited the Delphics and were enjoyed the evening playing games. Refreshments were served and the following literary program was given:

Reading (Kentucky Horse) Greenleaf.
Necessity of intersociety meetings R. G. Crane.
Music, Pratchner, Keith and Cushion.
Continued story J. H. McCutcheon.
Dream on the New Japan A. Itano.

PROMENADE CONCERT.

On account of the cane-sprees and bonfire in front of Wells Hall the promenade concert Friday evening will not commence until eight o'clock.

A good program has been arranged, consisting of concert and dance numbers, so everybody turn out and bring your high school guests along with you.

As usual the ladies are invited to attend in a body, the gentlemen being charged the small fee of 15 cents.

TO IMPROVE THE QUALITY OF COLLEGE ORATORY.

A practical plan to improve the quality of oratory in the American colleges has been launched by the International Lyceum Association, which is the clearing house of all the interests of the Lyceum and Chautauqua movement of America. It is proposed to offer prizes for a grand clearing contest of those who have been winners in the various Leagues, and have this "meet" in connection with the annual convention of the association, which is held this year at Winona Lake, Indiana, at the famous Assembly grounds—September 1-10, inclusive. Some three hundred dollars are to be offered in prizes, and a spirit of co-operation on the part of the colleges is already manifested.

The work is in charge of an Academy of the leading critics and educators of the I. L. A., of which Dr. Richard C. Hughes, secretary of the Presbyterian board of education for state universities, is chairman.

Rules governing the contest will probably eliminate many of the old stereotyped, hackneyed subjects and make it necessary to do more thinking and less reading on the part of the man who wishes to win in this new warfare of wisdom and wit.

For further particulars, address the International Lyceum Association, Steinway Hall, Chicago.

NEW SPRAYING COMPOUND.

A law passed by the last legislature requires dealers in insecticides and fungicides to submit an analysis and sample label in order to obtain a permit for their sale. A large number of manufacturers have complied with the law and for the most part goods upon the market have a high standard. One brand however has been sent in which proves to be a fraud in every sense. It is called Bordeaux Mixture and Paris Green spraying compound, but the analysis submitted by the manufacturer, as well as the tests of the college chemist, show that it contains neither bordeaux nor Paris green. The test shows that it is composed of 85 per cent. hydrated lime, 7½ per cent. white arsenic, and 7½ per cent. ultramarine blue, which gives to the compound a color somewhat resembling bordeaux mixture.

The price at which it is sold would be many times its actual value. White arsenic costs about one-tenth as much as Paris green and copper sulphate, which is entirely lacking, costs about four times as much as the green in the home made mixture.

Purchasers of spraying compounds should refuse to take any which do not have upon each package a guaranteed analysis which gives the percentage of the essential ingredients. If purchased in small quantities and in packages not labeled always insist upon seeing the label upon the original package.

ALUMNI

'88.

Prof. W. M. Munson is very ill in a sanitarium at Clifton Springs, N. Y. His condition is, according to reports, quite serious and his immediate family are with him. Mr. Munson has been connected with both the New York and Maine Agricultural Colleges, but at present is Professor of Horticulture in the West Virginia College.

'97.

Dr. J. W. Rigerink, Freeport, of the above class writes as follows: "Dear Editor: Lillian Esther, now six weeks old, is anxious to know all about the M. A. C. Please find enclosed fifty cents to gratify her wishes."

'02.

H. S. Kneeland, Traverse City, is busy making contracts for fruit and vegetables for the coming season. He is secretary and general manager for the Traverse City Canning Co.

'06.

E. F. Smith is draftsman in the chief engineer's office of the Rock Island Ry., Chicago. His private address is 1336 Washington Boulevard.

'08.

An interesting letter from E. I. Wilcox: South Haven, Mich., April 24, 1910.

Dear Mr. Faunce: As you may know, I was manager of a farm in Iowa until last winter, when father's health gave out so that I was obliged, or felt it my duty, to come home, and I am now working the home farm on shares. We had good prospects for an apple crop but the blizzard all day yesterday and freezing temperature last night has blighted our hopes in that direction. About half the blossoms were out, so we think they are all killed.

My brother, Arthur, '08, is forest assistant in the Columbia National forest, State of Washington, with headquarters at 420 Beck building, Portland, Ore. He likes his work very much.

George Eby, with '05, is married and has two children. The rest of us still enjoy "single blessedness." He (George) is manager of a dairy farm near Deerfield, Ill., 25 miles from Chicago. The owner is a wealthy Chicago man who is building up the place which was very much run down. Has put up fine buildings and stocked up with pure bred Guernseys. I visited him last winter and he is getting along very well.

Barden, '08, is on his father's farm north of South Haven. I've 'phoned to him, but haven't seen him since we graduated.

I expect to be back on the old campus for commencement and the reunion, and hope I'll find many of the other fellows there also.

Sincerely yours,
E. I. WILCOX.

TUESDAY, MAY 10, 1910.

The postoffice at East Lansing was broken into on May 5 for the second time in little more than six months, the last trouble of this kind occurring Oct. 24. The general belief is that the burglary was committed by men who knew their business as they were able in a very short time to blow open the safe, secure whatever they could well handle and escape without rousing any one. As soon as the night-watchman discovered the trouble at 1:40 the officers were notified and the chase taken up, but as yet no arrests have been made. While no official statements have been given out the loss mentioned in the dailies has been greatly exaggerated,—in fact Uncle Sam does not allow an official statement concerning loss to go out in such a case. Whatever may have been stolen, however, is a loss to the government and not to the postmaster. The safe, which is practically ruined, was the property of Mr. Rosecrans and is therefore his loss.

Miss May Herbert, '12, of Detroit, entertained her mother over Sunday.

The Hort. department is soon to experiment with a dust preventative on the campus drives.

Miss Lucile Stout, sp. '07-'09, visited college friends from Ann Arbor over the week end.

Mr. Thacker, former Y. M. C. A. secretary at M. A. C., is at present teaching in the Traverse City high school.

The Scrooby Club will meet this week on Thursday evening at the home of Mr. and Mrs. C. C. Wood, instead of Friday evening.

Ground has been broken for Miss Kendall's new house on the Angell addition, and if weather conditions are favorable, the work will be pushed rapidly. Mr. Ayers is the contractor.

I do not believe in jokes, and if I did I could not practice the theory because it takes original wit, and unconscious spontaneous inspirations.—*Dr. Giltner, to the veterinary students.*

In the tennis meet at Olivet, held April 30, M. A. C. won in both doubles and lost in the singles. The college was represented by Miss Kedzie and Miss Arner, and by Taft and Itano, our Japanese student. Manager Sproat accompanied the players.

The preliminary inter-society relay Friday night places the following in the finals: Columbian, Tics, Delphics and Hesperians. Ten of the societies entered teams, and there was an unusual amount of enthusiasm and excitement. The finals will be run during the Syracuse game Friday.

The botanical department now occupy all five of the class rooms in the new addition.

The sophomore-freshmen relay was run on Friday evening of last week, the sophomores winning the race. This gives the inter-class meet to the sophomores, they having 59 points against the freshmen 55.

The Sororian Literary Society held their annual freshman oratorical Saturday afternoon. Laura Crane received first place, Florence Hayes second and Lucy Corbett third. Mr. Hensel and Mr. Letler very kindly acted as judges.

Mrs. Fred Loew, of Huntington, Ind., visited Lansing and college friends Saturday and Sunday. Mr. Loew graduated with the class of '04 and was employed in the Botanical Department the year following. He is at present teaching botany in Central College.

The Angell woods are being rapidly thinned out and the pile of logs on the property near the Pine lake road is assuming quite proportions. Mr. Angell expects soon to install a mill to convert these logs into lumber and will then use this product in the building of several medium sized houses.

The man I want to see is a Christian who is a graduate of a Christian school, who shows his creed practically by the way he behaves towards his wife and towards his children, towards his neighbor, towards those with whom he deals in the business world, and towards the city and government.—*Theodore Roosevelt in the Outlook.*

In the last experiment station record are found some interesting notes concerning the various agricultural colleges. Under *Illinois University and Station we note the following*: According to a recent compilation as to the pursuits followed by the alumni of the college of agriculture during the past ten years, 115 of the total of 184 graduates are engaged in farming, 40 are connected with the agricultural colleges and experiment stations, 7 are with this department, and another is an agricultural editor, making about 90 per cent. connected with the agricultural industry.

The Art of Seeing Things.—The science of anything may be taught or acquired by study; the art of it comes by practice or inspiration. The art of seeing things is not something that may be conveyed in rules and precepts; it is a matter vital in the eye and ear, yea, in the mind and soul, of which these are the organs. I have as little hope of being able to tell the reader how to see things as I would have in trying to tell him how to fall in love or to enjoy his dinner. Either he does or he does not, and that is about all there is of it. Some people seem born with eyes in their heads, and others with buttons or painted marbles, and no amount of science can make the one equal to the other in the art of seeing things. The great mass of mankind are, in this respect, like the rank and file of an army; they fire vaguely in the direction of the enemy, and if they hit, it is more a chance than of accurate aim. But here and there is the keeneyed observer; he is the sharpshooter; his eye selects and discriminates, his purpose goes to the mark.—*John Burroughs in "Leaf and Tendril."*

Dean Bissell reports a very pleasant time on the recent trip with the engineering students. Among the Chicago alumni who were seen on this occasion were the following:

W. F. Jordan, '05, with the American Bridge Co.

J. A. Poole and N. Praaken, '06, with the Western Electric Co.

A. S. Armstrong, '06, of Bates & Rogers Construction Co., whom we mentioned recently.

G. H. Stephen, '09, with the U. S. Gypsum Co.

W. R. Brown, '03, City Water Works Department.

A. L. Sobey, '09, with W. H. Zimmerman Consulting Engineer.

P. M. Chamberlain, '88, a consulting engineer.

Prof. P. B. Woodworth, '86, of Lewis Institute.

In Milwaukee the boys visited James R. Petley, with '96, who is at present with the Western Iron Stores Co. of that city.

ATHLETICS

M. A. C. 2—UNIVERSITY 4.

A fine game was played with the University on Saturday last. Aside from the run made by the U. of M. boys in the fourth, the whole interest was crowded into the first inning. Both teams settled down to real work after that first, and did some very clever playing. Pattison did himself proud and pitched a splendid game and was well supported by every member of the team. M. A. C. secured six hits off Smith, against five for the University, and was given a total of four errors against their opponents' three.

Following is the summary:

	1	2	3	4	5	6	7	8	9	
Mich.....	3	0	0	1	0	0	0	0	0	4
M. A. C.....	2	0	0	0	0	0	0	0	0	2

Runs—Lothrop, Hayes, Martin, Hill, 4; Mills, Rains, 2. Two base hit—Harvey. Struck out—By Smith, 11; by Pattison, 9. Umpire—Reeder.

RULES FOR GOVERNMENT OF ATHLETICS,

Adopted at Regular Faculty Meeting, May 2, 1910.

1. No person shall participate in any intercollegiate sport unless he be a bonafide student regularly classified in a regular or special course as defined in the curriculum of the college.
2. No student shall participate until he shall have been in attendance in the college for one full collegiate year subsequent to attaining the equivalent of freshman rank.
Note—This rule shall not go into effect until the opening of college in September, 1911.
3. No student entering from another college shall be permitted to participate until he shall have been in attendance at the institution one full collegiate year.
4. No student shall participate in intercollegiate athletics for more than three years in the aggregate and any member of a college team who plays through one-half of a contest or competes in an intercollegiate track meet does thereby participate in that sport for the

year. (Interpretation—participation in the first contest after the opening of each respective sport shall not count.)

Note.—This rule shall not be retro-active and shall be so construed that men who as freshmen have or may represent the institution in intercollegiate contests shall not be barred in their senior year.

5. No student shall be permitted to participate in any intercollegiate contest who is found by the faculty to be delinquent in his studies. (Interpretation.—Conditions, failures, or incompletes to the amount of ten credits in his course shall be considered delinquent. However any student may be declared delinquent by the dean of his department at any time for poor class work regardless of any conditions or failures appearing against him.)
6. No student shall play in any game under an assumed name.
7. No student who participates in intercollegiate athletics and does not complete the work of that term shall be permitted to compete in the same sport thereafter until he shall have been in attendance one full term subsequent to his last participation.
8. No student shall be permitted to play in any intercollegiate contest who receives any gift, remuneration or pay, either directly or indirectly, for his services on the college team.
9. No student shall participate in any intercollegiate contest who has ever or is using his knowledge of athletics or his athletic skill for gain.
10. No student who receives any compensation from the institution for services rendered by way of regular instruction shall be allowed to play on any team.
11. All inter-collegiate games shall be played on grounds either owned by or under immediate control of one or both of the colleges participating in the contest, and all intercollegiate games shall be played under student or college management, and not under the control of any corporation, or association or private individual.
12. The football team shall play only with teams representing educational institutions.
13. Organized training of the football team shall not be permitted previous to the opening week of college.
14. The election of managers and captains shall be subject to the approval of the faculty committee on athletics.
15. No schedule of intercollegiate contests shall be arranged without the approval of the faculty committee on athletics, and a copy of each schedule so approved shall be filed with the secretary of the faculty.
16. The football schedule may not exceed nine regular games. A game with any outside team to which admission is charged shall be classed as regular. The total absence from recitations for the sport shall not exceed three days.
17. The number of regular baseball games shall not exceed sixteen. A game with any outside team to which admission is charged shall be classed as regular. The total absence from recitations for this sport shall not exceed five days.
18. The number of regular basketball games shall not exceed six.

COLLEGE BUS HEADQUARTERS

ABOUT THE CAMPUS

The Lansing League team lost to M. A. C. Wednesday afternoon by the score of 8 to 5.

Mrs. Horace Norton, of Howell, spent Saturday and Sunday with her daughter, Louise.

The Tau Beta Pi held an open meeting in the Physics lecture room on the evening of May 5.

The drawing department is planning to decorate the walls of the office with the work done by the various classes.

Prof. Eustace made a trip to Traverse City and vicinity the past week. He states that aside from sour cherries the fruit has escaped damage from frosts.

Three of the present Juniors were given the preliminary initiation into the Alpha Zeta yesterday and their "stunts" afforded much amusement. Thefortunates were Knopf, Langdon and True.

Miss MacDonald of the Domestic Science Department entertained the following friends on Saturday of last week: Mr. and Mrs. E. P. Cook and daughter, and Miss Lou and Miss Franc Markham, all of Ann Arbor.

The Fruit Belt, Grand Rapids, recently offered prizes to horticulture students for the best landscape plan for a city lot, and also for the best fruit farm plan. These prizes have just been awarded, Mr. B. E. Keith receiving one and Mr. E. H. Brown one. The award was \$5.00 in each case.

Mrs. Wilson is in Ithaca, N. Y., for a ten days visit.

While not yet a certainty the band dance, similar to the one given last year, will probably be given May 28.

Prof. Wilson and Instructor Roller attended the Ann Arbor baseball game Saturday, making the trip in the auto.

Capt. P. C. Harris, of Washington, D. C., is to be the inspecting officer this spring. Monday, May 16, is the day appointed for such inspection.

The first Regimental Review and parade on Thursday evening of last week was witnessed by a large number of college people and called forth much favorable comment.

R. A. Murdaugh has been obliged to drop his college work for the present, and return to his home at Crosswell. He was taken ill at the beginning of the term, and later was obliged to care for his father, who was also ill for some time. He hopes to resume his work next year.

Prof. McReynolds, of Defiance College, Defiance, Ohio, and Mr. M. M. Stopphet, college architect, were at the college on Wednesday of last week to inspect certain details of our dormitory system. They were accompanied by H. C. Baker, with '07, of Toledo, Ohio. Mr. Baker has recently opened an office at 723 Nasby Building, in the above city, and is specializing in heating and ventilating, water works and power plant works.

Mr. W. A. Wentworth, of Ames, Iowa, has taken up his work with our experiment station as research assistant.

Pres. Snyder attended the banquet in Detroit Thursday evening, given in honor of Dr. James B. Angell, president emeritus of the University of Michigan.

Lucy Fowler has been obliged to drop her work for this term on account of illness, and has returned to her home near Fremont. She expects to continue her work next year.

The officers for the Hesperian Literary Society for the spring term are:

Pres.—P. G. McKenna.
Vice Pres.—C. S. Roe.
Sec.—D. M. King.
Treas.—B. O. Withall.
Registrar.—R. E. Minogue.
Marshall.—E. L. Brown.

An experiment with soils is being carried on at present in which several departments are interested. For this experiment 144 galvanized pots, each two feet in diameter by four deep, are being used. These are sunk into the ground and filled with soil, much of which is from the farm at Grayling; the peat will also be used to some extent. The idea is to get as natural a soil as possible as a starting point. These pots will afford the various departments an opportunity to work out in a more practical way the experiments already started in the laboratory. It is in fact the carrying one step farther of laboratory work.

The State Board of Agriculture meets at the college next week Wednesday.

A new departure has recently been made in the instruction in drawing which is proving very popular with the students. The attempt has been to make the elementary work more practical from the very beginning. The student is taught the construction of the simple picture from the elementary work in drawing, after which he is expected to go out and sketch the object itself.

At a meeting of the local alumni on last Thursday evening it was decided that the alumni dinner should take place at noon on June 22, and that the fortieth anniversary of Dr. Beal's connection with the college should be suitably observed. A fee of fifty cents per member will be charged in order to meet the general expenses. A committee was appointed to look after the alumni program, of which the secretary of the alumni association is to be chairman.

Miss Mame Kerr has given up her position at Urbana, Ill. Experiment Station and has taken up land at a place called Belmont, Mont. These are some new agricultural lands that have been opened up on the Belmont and Northern Railway, fifty miles north of the city of Billings. There are three other young women who have also taken land at this place. Miss Kerr was for a number of years employed in the office of Professor of Agriculture at M. A. C.

RULES FOR GOVERNMENT OF ATHLETICS.

(Continued from page 2.)

teen. A game with any outside team to which admission is charged shall be classed as regular. The total absence from recitations for this sport shall not exceed five days.

19. At each instance of students being absent from college on account of an athletic contest, the Director of Athletics shall send to the class officers of the several departments of the college a list of those making up the squad for that contest and such absences shall be recorded as "excused absences."

20. Athletic games are forbidden at any time before 4 p. m. except on Saturdays and holidays.

21. No trainer or instructor in athletics shall be employed by the Athletic Association without the approval of the faculty committee on athletics.

22. At the beginning of each athletic season, and from time to time as additions to the eligible list are desired, the Director of Athletics shall have the following blank filled out, filing one copy in his office and one in the office of the Registrar: It shall be the duty of the Director of Athletics to exclude from all athletic contests any one not included in these lists.

23. No student shall participate as manager or player in more than one ball team during the same college year, unless he is even in his course and has a clean record in all his studies. The same rule shall apply to manager of track also.

Note. This rule shall not go into effect until opening of college in September, 1910.

24. Second teams shall be subject to the same requirements as to scholarship as the first teams and shall play only such games with teams from other institutions or high schools as shall be approved by the athletic committee. Class teams and scrub teams shall not play away from the college and only such games with outside teams on the home field as shall be approved by the athletic committee.

25. The above rules shall apply to the four major branches of athletics: Football, baseball, track and basketball.

Everybody enjoyed the open air band concert last Wednesday evening. Come tomorrow, (Wed.) evening and enjoy the music.
