M. A. C. BANQUET.

The banquet, held at Bay City on Friday of last week, was most excellent in every particular. It was held at 5:30 in the parlors of the First Congregational church, and the rooms and tables were prettily decorated in college colors. Pres. Snyder acted as toastmaster, and the following responses were made:

"The Old Grads" — Supt. E. P. Clarke, '83.

"The Faculty, Its Faults and Its Foibles" — Prof. F. S. Kedzie, '79.

"The Influence of M. A. C." — Prin. E. E. Gallup, '96, Adrian.

NOTRE DAME IS BADLY BEATEN

M. A. C. 17 — NOTRE DAME 0

About 4,000 people witnessed the game on Saturday last when Longman's big team went down to defeat to the tune of 17 to 0. It was one of the biggest best behaved crowds ever seen on the field and also one of the cleanest, snappiest of games. Results are all the more gratifying when it is known that the team was not in prime condition as a whole. Montfort had been ill for three days during the week, Campbell had just been released from the hospital and Leonardson so wrenched his knee before the big battle that he could not enter the game at all. Culver was substituted and played a most excellent game.

The knowledge that the visitors were a hard proposition put every player on his mettle, and individual playing was lost sight of in the splendid team work which resulted. Every player deserves credit for the work accomplished. The defensive work of Exelby was fine, as was that of the whole team, and while the Catholics would at times break through for gains they were soon held, and much punting resulted. At very few times indeed was there any danger of their scoring.

The first touchdown came in the first quarter. Campbell blocked a kick, and Pattison, retrieving the fumble, rushed through the opponent's line for the first score. Twice during this quarter M. A. C. tried for field goal, but both failed. The second quarter was evenly played, and no scores resulted.

In the third Hill secured a goal from field and things began to look rosy for M. A. C. The last quarter put the finishing touches on when Cortright, after some excellent straight football was sent over the line for the second touchdown. Hill kicking an easy goal. Hill also secured another field goal in this last quarter, bringing the final score up to 17, which was just what N. D. did for M. A. C. last season. The work of the officials was especially good. The game was handled by men who new football, and the crowd appreciate such men. The best feeling prevailed, and in short it was one of the most inter-

esting games ever played at M. A. C.

The best that can be said

"We were simple outclassed. M. A. C. is vastly underrated. There is no team in the west that can defeat the farmers on their own field. We were licked and the sting of defeat is allayed by the fact that we lose to such a sportsmanlike bunch of men. When we defeated them at Notre Dame last year they showed themselves to be as game losers as any team I ever saw. M. A. C. is one of the most sportsmanlike, best spirited schools I ever saw."

COACH LONGMAN.

NOTES.

Ex-Capt. Redden, of Mich., was on the side lines Saturday.

The band was on hand and added very materially in the enjoyment of the day.

N. D. outweighed M. A. C. 12 pounds per man, but lacked the snap which Brewer's men showed.

The association clears about \$500 on the game. N. D. was paid \$800, and other expenses were practically \$200.

Juneau, Marquette's coach, and an old Wis. star, and Capt. Hanley, of the Marquette team, witnessed the game.

The largest number of old students ever returning for any game were here Saturday, some coming 500 miles. They were satisfied, of course.

Unusual recognition was given us by the press. Both Free Press and Detroit News Tribune sent special sporting writers to write up the game.

A big demonstration followed the game Saturday evening, when several hundred students painted Lansing red. A big bonfire was built near the Bijou, and Lansing business men responded heartily to calls for speeches. In the big parade as many Lansing people participated as those from the college. M. A. C. appreciates such loyalty.

ALUMNI

E. J. Rowley of the above class writes as follows:

"Dear RECORD.—Change my address from Gainsboro, Saskatchewan, to Portage la Prairie, Manitoba.

I am gradually getting eastward and now expect to reach Michigan late this fall. I've had quite enough of the Canadian west.

I am again traveling for the *Farmers' Advocate*, of Winnipeg, but prefer to be raising potatoes in old Michigan. Are having a nice fall here. Not much cold weather. Threshing done and plowing on. Crops very poor in southern part of Alberta, Saskatchewan and Manitoba on account of heat and drought last summer. Many Canadians and Americans leaving South Saskatchewan for homesteads in Montana."

AUOREAN.

The fourth annual pow-wow of the Auorean literary society was held Saturday, Oct. 29, 1910, in the college armory. About sixty-five couples enjoyed a very pleasant programme furnished by the college orchestra.

Prof. and Mrs. A. J. Clark, Lieut. and Mrs. G. M. Holley, Prof. and Mrs. H. J. Eustace, Prof. and Mrs. W. O. Hedrick, and Dr. and Mrs. R. T. Lyman kindly acted as patrons.

The following alumni members enjoyed the occasion.—Messrs. Hallock, Hopkins, Belknap, Brown, and Emery.

Several guests from out of town were present; among them were, Miss Fern Rose, of Big Rapids, Miss Marguerite Woltjer, Miss Vivian Partons, and Miss Pauline Adams, of Grand Rapids, Miss Ethelyn Callahan, of Midland, Miss Muriel Twiggs, of Detroit, Miss Hazel Crafts, of Grass Lake, Miss Emma Powers, of Mason, Miss Ruth Smith, of Jackson, Miss Fay Nicholas, of East Jordan, Miss Gladys Hilton, of Olivet, Mr. Hilton, of Fremont, and Mr. Corwin, of Parma.

President DeKoning and Miss Dickinson lead the grand march. The decorations, consisting of certain Indian characteristics, were exceptionally good throughout.

At the business session Prof. French was re-elected chairman of committee on arrangements for the ensuing year, and Miss Florence was elected member of the committee.

MASS MEETING.

The greatest mass meeting ever at M. A. C. was held in the armory on Wednesday evening. The band furnished excellent music, and led in the various songs thrown on the screen by Prof. Myers. The yells were again brought to light by the aid of the lantern, and a number of new and exceptionally good pictures were also used.

The speaker of the evening was Mr. H. R. Pattengill, of Lansing, a staunch friend and supporter of M. A. C., and whose son is at present playing on the university team. Mr. Pattengill's talk was both entertaining and instructive, and was received with enthusiasm. He declared that the student who could not become enthused over football must have liquid air in his veins instead of good strong blood. The speaker gave one of his happy addresses—the kind we can always bank on from him—and incidentally handed out some thoroughly good advice.

Other speakers were Pres. Snyder, Assistant Coach McKenna and Jack Bowditch, all of whom were given a royal welcome. Good feeling and great enthusiasm describes in short the meeting of Wednesday evening.

MARQUETTE.

The football team leaves Lansing on Thursday evening and will have a special car over the Michigan Central and Northwestern to Milwaukee. The Marquette team has won every game on their schedule this season and these by very decisive scores. They are planning on a big game with M. A. C. and are using pictures of our team and individual players in their advertising every day. The game to them is what the Notre Dame game is to M. A. C. and great plans are made in preparation for the same. A big crowd is expected to witness the game and M. A. C. is sure to give them the worth of their money.

A delightful Halloween party was given the unmarried instructors at the Delta Club last evening. The walls were elaborately decorated with black kittens and owls. The guests, about 60 in number, were met in a dark hallway and ushered "somewhere" by the ghosts. Their hands were tied in sacks and they were obliged to shake hands until the sacks wore off. Large bats, big-eyed owls and spider webs lent much to the weirdness of the place. A witch served the cider which with apples, doughnuts and candy furnished the refreshments. Fortune tellers, jack-o-lanterns, and last of all the chamber of horrors kept the merry makers guessing until a late hour.

SOPHOMORE BARBECUE.

The sophomores certainly did themselves proud Friday evening in their endeavor to entertain, and the big feed put an end to the strife between the two classes. A platform had been erected near the cider barrel for the band and speakers, and about seven o'clock the music and fun began. A huge pile of barrels, boxes and debris furnished food for the fire which lighted up the place to good advantage and aided materially in tempering the air which was quite frosty.

W. B. Smafield acted as master of ceremonies and introduced the speakers with a gravity becoming his important position. Mr. Brewer took occasion to thank the student body and all friends of the institution for the loyalty displayed, for to them to quite an extent is our success due. The odds in the coming game are decidedly against us, but we have one of the gamest teams that every represented the institution and intend to give them a run for their money.

Secretary Brown was introduced as "the monetary derrick, who unloads us all when we first reach M. A. C." Mr. Brown paid a fine compliment to our coach, and prophesied that the fine college spirit and clean athletics now evident at M. A. C. were here to stay.

Capt. Cortright stated that the two children which Michigan expected to "spank" were going to come together tomorrow, and asked for the continued loyalty of the rooters.

Instructor Pyke was called upon and gave a splendid talk, stating that he had been acquainted with the universities of three different nations, but that this was his first sophomore barbecue. He liked the spirit displayed, and believed it augured great things for the morrow.

Mr. C. H. Taylor, president of the sophomore class, in a short presentation speech, delivered the class knife to the freshmen class president, Mr. McGee, who accepted it with the hope that when it was turned over to the class of 1915 it would be as free from spot as when received.

The big roast was then opened, the buns were prepared, the cider barrel "plugged," and an almost endless line formed to accept the sophomore's hospitality. The enthusiastic rooters cheered not only the football team, the speakers and band, but nine rahs were given as well for ox, buns and cider. The best of feeling prevailed and it really seems that the larger the classes become the better the college spirit displayed—a great factor in making M. A. C. the greatest institution of its kind in the country.

No one will soon forget the barbecue given by the class of 1913.

Mr. J. H. Tibbitts, of the class of '73, is visiting his brother, Mr. A. H. Tibbitts, of Lansing, and called at the college on Friday. Mr. Tibbitts was very much gratified with the growth of M. A. C., and stated that the influence which this institution had had upon the scientific agriculture of this country, was something of which its graduates are proud, as well as of the beautiful buildings erected and permanent improvements made. Mr. Tibbitts is with the department of state at Washington, D. C.

FORESTRY CLUB.

The regular meeting of the Forestry Club was called to order by Secretary Bovay, Tuesday evening, Oct. 25th, the president and vice president being in Au Sable where the United States civil service examinations were in progress.

After dispensing with the usual business, the meeting was addressed by Mr. Gaylord of the forestry department. Mr. Gaylord has, until recently, been connected with the U. S. forest service and he gave the members of the club a very good picture of the life of a timber estimator in the U. S. service. At the beginning of his talk, the impressions of the country and people which an easterner would form, was brought out and then the actual work was considered. A description of the difficulties of travel in a mountainous country where transportation of the outfit was entirely by pack animals, was interestingly told. In conclusion, the more pleasant side of the life was dwelt on in describing the spare moments when one is able to hunt and fish as the forester is usually in the finest game regions of the country.

After the talk, the meeting adjourned until Tuesday, Nov. 8th, at 6:45, when the meeting will be addressed by members of the senior class who have been employed by the forest service during the past field season.

BAND PROMENADE.

The first band promenade of the year will be given in the armory Saturday evening, November 12.

The band is working hard this year and will be a credit to the college as it has been in the past. Help boost the band by turning out for the first promenade.

The program will be composed of concert numbers and dances, so that even those who do not dance can enjoy the evening as well as those who do.

The women of the college are invited to attend free of charge and men are charged only 15 cents.

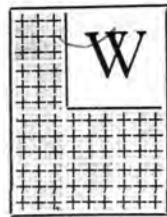

Come out, get acquainted with more of the students and enjoy the music.

J. G. Hays, of Pittsburg, Pa., was one of the numerous "dads" who came to see the Notre Dame.

A Bible Study Institute is to be held in Albion Friday and Saturday, Nov. 11 and 12. Those wishing to attend write for particulars concerning delegates, program, etc., to B. B. Johnson, State Student Secretary, 319 N. Sycamore St., Lansing, or confer with our Y. M. C. A. president.

The student body will be entertained at the Bijou Theatre, second performance, on Tuesday evening, and at the Colonial on Thursday evening. At the close of the entertainment on Thursday evening the crowd will march to the M. C. depot, and give the football team a parting salute.

Cyrus L. Luce, of the class of 1911, appeared on the campus Sunday with a big motor car. He took five of his old friends out for a spin, which spin said friends claim was most exhilarating and refreshing. "Cy" drove up from near Bronson to see the game Saturday. He returned home Sunday afternoon.

Robert Maltby, '04, who recently went to the University of Florida to take charge of the department of animal husbandry, writes his views on Florida: "I have become very much impressed with Florida, its climate, its people, and its possibilities. The University of Florida is young and very much handicapped in many ways, likewise the College of Agriculture, but they are bound to surge to the front. We are right in the center of the truck growing region, it having superceded largely the fruit industry though by no means is fruit scarce. The large influx of northern people during the past two or three years has greatly increased the value of farming lands.
