No. 1

IMPORTANT MEETINGS CONDUCTED BY ALUMNI AT RECENT TRIENNIAL.

The first business meeting of the 17th Triennial Reunion of the M. A. C. Alumni Association was called together by President C. B. Collingwood, at 9 a. m., in the chemical building. The minutes of the preceding meeting were read by Alumni Secretary W. O. Hedrick, and were approved. The report of Mr. Hedrick, as treasurer of the association, was also read and approved.

Mr. Bolte, representing the Chicago Alumni Association, expressed the desire of that association to change the constitution and by-laws so as to include an executive board, to be composed of one duly elected representative from each local association, together with the executive officers of the parent association, and possibly two or three other members connected with the College. This board should have legislative powers, so that they could act on matters of the Association during the intervals of the triennial meetings.

It was moved and carried that a committee be appointed to go into the details of this plan.

Before the committee retired, Senator Cook made a motion that the Association should have a permanent alumni secretary.

A motion was made and carried that an alumni secretary be secured. The Chair then appointed J. W. Bolte, Ray Stannard Baker, A. B. Cook, E. C. Lindemann, and W. A. Taylor as a committee to consider the changes in the constitution and by-laws.

While the committee was deliberating upon the suggestions made by Mr. Bolte, Dean Davenport, Mr. Garfield, Mr. Beaumont, Mr. Prudden, Mr. Monroe, and several others stated their opinions on the various propositions submitted.

The report of the committee on constitutional changes was then made. The first two clauses of this report were adopted upon motion of Mr. Bolte.

Moved and carried that the consideration of the remainder of the report be deferred until the afternoon meeting.

Motion made and carried that a committee on nominations be appointed. President Collingwood appointed the following committee: A. B. Goodwin, F. S. Kedzie, and E. C. Lindemann.

A motion was made and carried that a committee on resolutions be appointed. President Collingwood appointed as this committee: J. P. Finley, Chas. Garfield, and Miss Helen Esselstyn.

The meeting then adjourned until the afternoon.

The second meeting was called together in the afternoon by President Collingwood. The following

report of the committee on constitutional changes was made by Mr. Bolte, and was adopted:

The executive officers of the Association are hereby directed to prepare a new set of by-laws, to print same in the M. A. C. RECORD, and to conduct a mail vote upon the by-laws.

Should the votes upon the by-laws comprise a majority of the total votes cast, said constitution and by-laws shall be adopted, and the executive officers shall thereupon incorporate this Association under the laws of the state of Michigan.

It was moved and seconded that the officers of the Association be: President, Vice-President, and Treasurer.

There should also be an executive board, composed of one member duly elected by each of the recognized local M. A. C. associations; three members elected at large by members of the parent association who do not belong to a local association, who, together with the elective executive officers of the parent association, shall comprise the executive board.

The Executive Board is hereby authorized to accept from the State Board of Agriculture a publication known as the M. A. C. RECORD, provided such acceptance does not entail expense or liability to the Association, and provided that the State Board of Agriculture agrees

CASE AGAINST COOK FAILS IN CALIFORNIA.

Coming close upon the heels of the Beal-Cook portrait movement carried on by the Alumni Association during the spring of this year, the outcome of the case brought against Professor Cook in the state of California contains much of interest to former M. A. C. students.

DR. A. J. COOK.

Charges of a serious nature, embodying incompetence and discrimination in the conduct of his office, were brought against Dr. Cook, who is State Horticultural Commissioner of California, by a number of fruit growers and county horticultural commissioners. The hearing of the charges was held before Gov. Johnson, and consumed six hours. At the close of the hearing, not a single one of the long list of "charges" had been proven.

California newspapers remarked upon the patience exhibited by the chief executive in wasting so much

(Continued on page 2.)

ALUMNI

'74.
Ransom H. McDowell was killed by being struck by a passenger train in Reno, Nevada, on the evening of August 6.

He was well known among the older students of the college, being foreman of the farm after his graduation, later accepting a position as Farm Superintendent at Purdue, and going from there to a similar position at the State Agricultural College of Colorado.

In 1889 he was offered the position of Professor of Agriculture at the University of Nevada, and though he left the University some years since, he has always remained a resident of Reno.

'78.
Cass E. Herrington, with the above class, and counsel for the Colorado Fuel and Iron Co., has been elected president of the foremost club in the Rocky Mountain region—The Denver Club.

'79.
L. G. Carpenter is the expert for Colorado, in a case brought by Wyoming against the former state, in a matter involving water rights on the Laramie River, and its tributary stream.

'80.
W. W. Remington, besides being principal of the East Side Latin School, Denver, is secretary of the Colorado Teachers' Assn., a large and active body, whose great influence is largely due to Mr. Remington.

'81.
Mrs. L. G. Carpenter spent several months during the spring visiting in Michigan and neighboring states.

'81.
Albert H. Voight, 936 Westlake Ave., Los Angeles Calif., was a college visitor at commencement time. Mr. Voight is well known in furniture circles on the Pacific coast, and is regarded among members of that fraternity as one of the most critical buyers in the country.

A clipping received from him tells of the untimely death of a former M. A. C. man, J. A. Reid. Mr. Reid, formerly with the class of '81, was run down by a street car in Los Angeles and died as a result of the injuries received.

'93.
Invitations have been issued for the marriage of Miss Maud Marian, of Warsaw, N. Y., to Mr. Willard Freeman Hopkins, of Buffalo. The ceremony took place Sept. 24.

Mr. Hopkins will be remembered as having been with the class of 1893, although he did not graduate. He left the college to enter the banking business, in which he has been eminently successful, having risen to the position of second vice president of one of Buffalo's leading banks.

ANNOUNCEMENT.

The M. A. C. Record is now the property of the M. A. C. Association, and will be conducted by the Alumni Secretary, Mr. George C. Sheffield, of the class of 1912.

Its policy will be directed in the interests of all former students of M. A. C., and will be controlled by the M. A. C. Association instead of the faculty of the College, as in former years.

As will be seen by the Minutes of the Alumni Association Business Meeting, presented in another column, the membership of the new Association has been considerably broadened.

Every former student of the M. A. C. who left in good standing with at least 20 credits is now eligible to membership in the M. A. C. Association.

The policy of the Record from now on will be to strengthen the bonds of friendship between all former students and the College.

The Record will endeavor to give each one of its subscribers the news of the College in a newsy way. Considerable space will be devoted to the doings of former students, alumni notes, and things of interest to those whose active participation in college affairs is past.

THE RECORD WILL BE THE ONLY OFFICIAL ASSOCIATION PUBLICATION. The Holcad, published by college students, for college students, will devote its attention to the undergraduate side of college life, and the Record will be alone in its field.

If the M. A. C. Record is to be the success it is hoped it will be, it must have the immediate and unfailing support of every alumnus and former student.

The first thing to do is to subscribe for the Record.

Let's get things started early. Send in ONE DOLLAR for one year's subscription to the official organ of your association.

The M. A. C. RECORD

PUBLISHED EVERY TUESDAY DURING THE COLLEGE YEAR BY THE MICHIGAN AGRICULTURAL COLLEGE ASSOCIATION.

GEORGE C. SHEFFIELD, MANAGING EDITOR.

SUBSCRIPTION PRICE, \$1.00 PER YEAR.

Entered as second-class mail matter at the Post Office in Lansing, Mich.

Subscriptions may be paid for by P. O. Money Order, Draft, or Registered Letter. Stamps will not be accepted.

Business Office with Lawrence & Van Buren Printing Co., 210-212 Grand Ave. No., Lansing, Mich.

TUESDAY, SEPTEMBER 30, 1913.

AFTER 18 years of successful management by the President and members of the faculty of the Michigan Agricultural College the RECORD now comes forth from a new source.

All things considered, the history of the M. A. C. RECORD is essentially good. The length of time which it has existed bears this impression out still further. For this reason the new management of the RECORD desires right at the start to give the former managers the credit which is rightfully theirs.

The time has come when the first issue of the M. A. C. RECORD as handled by the new M. A. C. Association is submitted to former students of the college for your approval. We say approval, because it sounds better to us. We also want your suggestions now, and at all times during the year. If there are good, honest criticisms, we want those too.

THAT the time has come when the Alumni and former students of M. A. C. can and should be of inestimable value to the College, was the consensus of opinion at the meetings held during the Triennial Celebration last June.

That these former students, the great body of men and women who have received part or all of their training at the Michigan Agricultural College, must be kept in touch with affairs pertaining to the College and to each other, in order to feel that close bond of union with their Alma Mater, was equally evident.

For the above reasons, it has been deemed advisable to transfer the management of the M. A. C. RECORD from the hands of the faculty to those of the new association, in order that it might serve the purposes of an official organ.

This will be the primary aim of the new editor. We will make every effort to fill the pages of the RECORD with news which we feel will be of interest to every former student. If some one of our number is successful, the College and every one connected with it is proud of that one, and we want you all to know about it. The news will appear in the columns of the RECORD.

No man or woman who spent pleasant and profitable years on the campus of M. A. C. will fail to be interested in the doings of the present students. For that reason the RECORD will aim to tell of the things that are worth while in campus life.

Especial attention will be given to publishing matters of interest to the association as an official body. Dates of meetings, what associations in various places are doing,

and notes of the men who are pushing the interests of local organizations will receive places of prominence.

THIS year we welcome to M. A. C. the last class which will wear the little gray caps with black buttons. The knell of the "Prep" has been sounded, and after the class now entering the five-year course assumes the dignity of Freshmen, we will hear of the "prep" only as a dim memory, drifting away from us in the growing haze of passing years.

None the less, some very good men, credits to the College, have come up from the lowly ranks of the "preps" of former years, and for what your illustrious predecessors have done, as well as for the possibilities which your own course holds, we welcome the last of the "preps."

A BROADER POLICY.

The M. A. C. Alumni Association is no more. But there is no need for tears, for in its very death it gave birth to a new organization, destined to become greater and more far-reaching and powerful in its influences for good than the old association could ever have been.

The new organization bears the simple title of The M. A. C. Association, and within its ranks hopes to include every graduate of this college, as well as every student who attended here and left in good standing with at least 20 credits. The men who were responsible for the new order of things believed, and we think rightly, that a great many really big men and women were kept out of the former organization because of the fact that they had never been graduated from college.

Both the College and the people in question were losers by so narrow a policy, and by way of remedying conditions the new clause was added to the by-laws.

We believe in the future of this new organization, and hope in a short time to feel the impetus added by new shoulders at the wheel.

THE PERMANENT SECRETARY.

Following are the minutes of the meeting held by the members of the Alumni Board during the past summer, at which the matter of selecting a permanent secretary for the M. A. C. Association was taken up:

"Meeting called to order by Pres. J. R. McColl. Members present, McColl, Taylor, Anderson, Bemis, and Hedrick.

"Motion made and carried that a committee of three be appointed to take charge of the matter of selecting an alumni secretary. Chair appointed Hedrick, Anderson and Bemis.

"Motion made and carried that Pres. McColl and Mr. Hedrick act as a committee on by-laws.

"On motion, meeting adjourned. "W. O. HEDRICK, Secretary."

A. T. Cartland, '97, of Dowagiac, was elected to the position of statistical secretary by an overwhelming vote, during the recent meeting of the Methodist conference held at Battle Creek, Mich.

IMPORTANT MEETINGS CONDUCTED BY ALUMNI AT RECENT TRIENNIAL.

(Continued from page 1.)

to pay to the Association not less than \$50 per month to partially defray the cost of publishing the said RECORD, and does, furthermore, provide the Association with suitable office space with the usual appurtenances, and without cost to said Association.

The Executive Board shall employ a permanent paid secretary, who shall be an alumnus or alumnae of the college, and who shall edit the said M. A. C. RECORD and fulfill any other duties required of this office by the Executive Board or the constitution.

The by-laws shall be so drawn as to permit members of the Executive Board to cast their ballot by mail on any questions brought before the Board, and shall furthermore provide that the entire membership of the Association may vote by mail on any and all questions that properly come before it; the questions, nominations for office, and proper ballots be printed in the M. A. C. RECORD and sent to each member of the Association. It shall also provide that any action by elective officers may be nullified by a majority vote of the Executive Board, and that any action by either the elective officers of the Executive Board shall be presented to the entire membership of the Association for ratification or recall upon the presentation to any of the executive officers of the Association of a petition signed by not less than 15 per cent. of the entire membership of the Association.

It was then moved and supported that the membership of the organization shall include matriculates, in good standing, who have attained 20 regular college credits, or the equivalent thereof. An amendment was then suggested that the short course students, and those who only attended college a short time, should be known as associate members. Therefore, it was moved that the membership of the Association shall include as associate members those who have attended at least one year in the regular college course. This motion was put to vote, but was lost. Twenty-three were in favor of it, while twenty-nine opposed it. Accordingly the original motion (that the membership of the organization shall include matriculates, in good standing, who have attained 20 regular college credits, or the equivalent thereof,) was carried.

The report of the committee on nominations was then adopted, and is as follows: J. R. McColl, '90, was elected president; George C. Monroe, '91, vice-president; W. K. Prudden, '78, treasurer, and three general executive officers, A. Crosby Anderson, Mrs. Ellis W. Ranney, and Chas. C. Taylor.

W. O. HEDRICK, Secretary.

'98.

Jeanette Carpenter Wheeler, whose husband is a captain in the regular army, is now a resident of Fort Logan, on the outskirts of Denver. They returned from a two years detail at Nome, Alaska, a year since, and have been stationed at the Presidio, San Francisco in the meantime.

CASE AGAINST COOK FAILS IN CALIFORNIA.

(Continued from page 1.)

time over baseless and petty wrangling. At the conclusion of the hearing, the governor had the following comment to make:

"If the head of a department surrounds himself with good men, who individually accomplish good work, even though not working under direct orders from the department head, it seems to me that the man who made the appointment is entitled to credit, rather than criticism."

"It seems ridiculous to me that there should be two factions of horticulturalists in California," said Gov. Johnson. "It has been bang, bang, bang, against Dr. Cook ever since he has been in office. He has come to me several times, very wretched at the criticism, which has been almost incessant. This case, as some have aptly remarked, has been a 'lamentable failure.'"

The interesting part develops in the fact that Prof. Cook has done such good work in the face of constant criticism that even his opponents felt called upon to admit it.

At the close of the hearing, both sides held a love feast, and agreed to bury the hatchet. At the present time, surface indications point to an unruffled harmony in horticultural circles in California.

WONDERFUL GAINS IN EARLY REGISTRATION.

That M. A. C. is rapidly forging to the front rank among the colleges of its class cannot be denied. The enrollment figures for the present year furnish sufficient evidence to refute any such denial, should such an improbable thing be attempted.

Figures obtainable at the end of the first week of college furnish a number of startling comparisons, without taking the time for complete analysis.

They show in the total a larger advance enrollment for the first week of college than ever before; in fact, the number at the time of going to press is larger than any previous year shows, even when the short course registrations are added.

Advices given out by the registrar's office indicate that a total of 1500 students will have registered before the end of the month. Last year the enrollment, including short course men, was not up to the 1500 mark.

It had been feared by the management of the college at large, and by the engineering department in particular, that the legislative unpleasance of last spring would materially decrease the registration in the mechanical courses. The contrary has proved to be the case, however, and these very courses show an appreciable increase over any other year.

With the increase in available funds, a growing in enthusiastic attendance, and the prospect of new buildings in the near future, the prospects for a bigger and better M. A. C. are looking decidedly rosy, and M. A. C. bids fair to rise higher than ever before in popular favor.

Statistical figures covering the various departments will be available for the next issue of the RECORD, and will show in detail just where the increases are greatest.

THE BOARD OF DIRECTORS.

According to the present organization of the M. A. C. Association, the affairs of the parent association are to be governed by a board of directors, composed of the executive officers sitting with a recognized representative from each local organization. The make-up of the board, at this time, is as follows:

Executive Officers:

J. R. McColl, Detroit, President.
Geo. C. Monroe, South Haven, Vice president.
W. K. Prudden, Lansing, Treasurer.

Members at Large:

A. C. Anderson, East Lansing.
Mrs. Theresa B. Ranney, Greenville.
C. C. Taylor, Louisville, Ky.

Representatives of Local Associations:

P. B. Woodworth, Chicago, Ill.
C. W. Garfield, Grand Rapids.
W. T. Langley, Minneapolis, Minn.
Geo. E. Lawson, Detroit.
R. L. Kurtz, Flint.
W. O. Hedrick, Lansing.
W. D. Hurd, Amherst, Mass.
Western New York and Washington, D. C., associations have not as yet appointed representatives.

M. A. C. ON JOB AT STATE FAIR.

The closeness of the Michigan Agricultural College to the progressive farmers of the state, through the medium of extension work, was well shown by the interest taken in the exhibits conducted by several of the college departments at the State Fair recently held in Detroit.

While all sorts of exhibitions, mercantile, mechanical and otherwise, had their own contingent of admirers, it was plainly evident that the people who showed an interest in the educational booths conducted by the College were prompted by something besides mere curiosity.

The farmer had a ready eye for the exhibits of neighboring counties, quick to mark the many fine points. More than this, however, he had a profound respect for the exhibits of the College, which could teach him how to equal or excel his neighbor's results. More than a few took advantage of the opportunity to inform themselves of the newest and most important discoveries in various lines.

In the Agricultural Building the farmers of the state had a chance to meet Mr. Spragg, the field agent, and learn from the displays of grain, soils, and fertilizers what they wanted to know. The walls of the booth were hung with different kinds of grains, with descriptive notes attached, while on tables were more grains, with samples of approved fertilizers, and a quantity of literature which presented a greater amount of detailed information. A great deal of education was given by the contrast between grains grown under good and bad conditions. The value of the exhibits was undeniable, and should seemingly have been given greater prominence by the men who had charge of the space assignments.

The educational worth of such exhibits was sufficiently shown by the interest of the visitors.

A short distance away, in the horticultural building, a similar ex-

hibit along horticultural lines was being conducted by Mr. O. K. White, '07, who is employed in the extension work as a field agent.

Here those interested in producing better fruit for Michigan had a chance to see for themselves the appearance of diseased limbs taken from fruit trees, compare them with healthy limbs, and learn how to mix and apply the various treatments for insects and fungus growths detrimental to fruit trees. They were shown fruit infested with the San Jose scale, beside of which stood a tray filled with fine looking fruit which had been sprayed.

Numerous appliances designed to lessen the labor of harvesting fruits were also displayed, as well as practical illustrations of the right and wrong way to prune trees.

Adjoining the horticultural corner was a small booth conducted by the bacteriological department. Most of the attention here was directed toward impressing upon visitors the importance of the hog cholera serum, the tuberculin treatment, and the nodule forming bacteria for enriching the soil. The work of this department probably made an unusual impression just at this time, owing to the strenuous campaign which has been carried on by the State Dairy and Food Commission against diseased meats and unclean conditions in many lines.

FOUND AT THE FAIR.

F. A. Wilken, a special during '02 and '03, and at present a member of the staff at the South Haven sub-station, was one of the judges in the horticultural building.

Oceana county took first prize in the county fruit displays. Much of the credit for this is due to the work of Geo. A. Hawley, who had charge of the exhibit. Mr. Hawley was a member of '92, and is now engaged in the nursery business at Hart, Mich.

Another M. A. C. man also took a place. R. J. Coryell, '84, had charge of the exhibit from Oakland Co.

H. W. Norton, Jr., '03, of Howell, Mich., was at the fair with a good sized herd of Holstein cattle. He received a first prize on one of his cows.

R. C. Potts, '06, was a State Fair visitor. His residence is at Stillwater, Okla., where he will be glad to hear from any of his old friends.

C. H. Chilson, '12, was at the fair, representing the milk department of the Detroit Board of Health. Chilson has been connected with the Board of Health for some time. His address is 241 Chandler Ave., Detroit.

Ralph J. Carr, '08, spent a day at the fair grounds. He is one of the large M. A. C. colony at Washington, D. C., being employed in the Department of Animal Husbandry.

C. L. Rose, '11, met some of his old friends while looking over the displays of Michigan's best.

'95.

Maurice G. Kains is associate editor of the *American Agriculturist*, New York City.

J. H. Johnson is head of the Colorado Blue Print Co., and is located in Denver.

TREASURER'S REPORT OF TRIENNIAL FINANCES.

After settling up all accounts and paying all the bills incident to the recent Triennial Reunion, W. O. Hedrick, who played the rôle of acting treasurer of the Alumni Association, reached the belief that he had broken all records and made a crumpled mess of precedent. He managed to come out even, without so much as a postage stamp left unpaid for.

The following statement shows briefly the receipts and expenditures incident to the best triennial reunion ever held at M. A. C.

STATEMENT OF REUNION DAY RECEIPTS AND EXPENDITURES.

Receipts.

June 25, 1913.	
Balance on hand	\$1 00
Received from sale of 396 membership tickets @ \$.50 each ..	198 00
Received from sale of 4 ball tickets @ \$.50 each	2 00
Received from sale of 726 luncheon tickets @ \$.50 each	363 00

\$564 00

Expenditures.

To E. M. Higgs for Alumni Luncheon	\$363 00
To Geo. Wildern, printing constitutional amendment enclosures ..	7 25
To Michigan Agricultural College for lumber and labor	5 65
To Geo. Wildern, luncheon programs, literary exercises programs, and badges	45 85
To College Dray and Grocery Co., supplies	6 85
To E. S. King "play" expenses	27 10
To Ripley & Gray, 1,000 guide programs	16 50
To the Lyric Orchestra	24 00
To Woman's Society People's Church, supplies	7 50
To labor employed by reception committee	7 62
To David Peppard, three days' labor @ \$1.75	5 25
To A. I. Margolis, three days' labor @ \$1.75	5 25
To J. D. Tower, for supplies	14 14
To J. W. Weston, labor	2 00
To L. E. Taylor, ball and banquet tickets	2 50
To labor employed in baggage checking	5 32
To Club Boarding Association, supplies	1 60
To Grinnell Bros., piano rent	4 00
To J. E. Maynard Co., program plates	6 80
To Luther Baker, ribbons for badges	4 50
To two telephone long distance payments	1 22

\$564 00

STRONG TEAM, FINE SCHEDULE MAKES M. A. C. ROOTERS GLAD.

According to all precedent, lawful or otherwise, it is now time to come forward with the prediction that the prospects for M. A. C. on the gridiron appear brighter than ever before. This may be taken as the annual statement, and given what credit it deserves. The accuracy of the statement can then be checked by the results at the end of the season.

The above prediction is based on actual observations, and to the student body, always critical of the new men, there is naught but hope ahead for this year's football team.

Coach Macklin gathered his men about him for the first practice on the home field last Wednesday night. By far the largest first day squad ever seen here was out, there being some forty-odd men, veterans and aspirants out in togs. Macklin's customary smile was expanded several degrees, as he put the men through the light preliminary workouts.

To begin with, Macklin has five of last year's veterans as a nucleus about which to form a winning machine. They are Gifford, tackle and captain, Gauthier, the whirlwind quarterback who came to the front so sensationally toward the close of last season, Julian, husky fullback, Blake Miller, one of the most sensational ends in western football last year, and McCurdy, a young giant who takes up a goodly space in the line. These men are all stars, and in addition have the instinct of team play.

The above named veterans and some eight or nine of the old scrubs put in a week of preliminary practice at Pine Lake prior to the opening of school. This was the first time in the history of M. A. C. athletics that anything of the sort had been attempted, but if results are to count for much in the future it goes without saying that the Pine Lake idea will become a feature of every training season. The men returned to the campus in time to register, and to all outward appearances seemed to be in the best of condition. The workouts at Pine Lake were made possible largely through the generosity of Mr. C. P. Downey, of Lansing, who kindly donated the use of his cottage and the services of a first class chef.

The workouts the first day or two after school had opened were devoted largely to limbering up the muscles grown stiff during vacation, running down under punts, starting, and passing and catching the ball. With a day or two more devoted to this sort of work, where Coach Macklin and Assistant Coach Courtright can look the men over, more strenuous programs will be the order.

Far and away the best schedule of any that has ever been prepared is presented to the team of 1913. Looming up above the rest of the layout are games with Michigan, Wisconsin, and South Dakota. If there has previously been any doubt as to the position of M. A. C. in western athletic circles, the presence of Wisconsin and South Dakota on the gridiron program should be sufficient to quiet all doubt. If the

CAPTAIN "CHET" GIFFORD.

"Aggies" can make even a creditable show against these teams, there will be no doubt as to their rating.

For the balance of the season, Olivet, Alma, Mt. Union, and Buchtel, will furnish sport for green and white rooters. Just by way of caution, it might be said that this lineup is not as "soft" as might be expected. Olivet is being coached by Carpell, formerly a pupil of Yost, and, up to the time of going to press, are preparing a surprise for the M. A. C. aggregation. The chances are also good that Alma will put up stiff opposition before being beaten. Of the two Ohio colleges but little is known, save the fact that in the past two seasons their teams have been fast and scrappy, but light. In fact, there is not a really weak game on the entire schedule.

It will be noticed that the schedule this year ends on Nov. 15. This feature seems especially good to Coach Macklin for many reasons. It obviates the night workouts formerly necessary, and gets the athletes back to classes before the last weeks of the term.

THE SCHEDULE.

- Oct. 4—Olivet at East Lansing.
- Oct. 11—Alma at East Lansing.
- Oct. 18—Michigan at Ann Arbor.
- Oct. 25—Wisconsin at Madison.
- Nov. 1—Buchtel at East Lansing.
- Nov. 8—Mt. Union at East Lansing.
- Nov. 15—South Dakota at East Lansing.

"GYMBLOOM" GYMNASIUM GARMENTS.

Write for our NEW CATALOGUE of gymnasium garments. It is just off the press, and will be mailed free upon request. It tells you in detail about the wonderful quality and value in all "Gymbloom" products.

In this catalogue are illustrated and described in detail the BEST in gymnasium suits, swimming suits, bathing suits, cross country suits, sweaters, shoes, hosiery, etc., etc.

"Gymbloom" garments are the result of years of study, and ARE superior to all other gymnasium suits. A trial order will convince you. Sold in the schools, colleges and universities all over the country.
