THE M. A. C. RECORD.

SENIOR STUNT NIGHT was participated in Wednesday evening. The class of '20 are more chivalrous than some of the classes that have gone before them. The ladies were loaded into one of the large farm wagons at the Senior House and perambulated to Agricultural Hall for a dance by way of Faculty Row, Abbott Hall and Wells.

TWO DELEGATES FROM M. A. C., Marjorie Williams, '20, of Geneva, N. Y., and Dorothy Curts, '21, of Flint, attended the seventh annual conference of the Middle Western Intercollegiate Association for Women's Self-Government held at Ann Arbor, April 30 and May 1. Delegates from 15 universities of the middle west and 20 visiting delegates from all over the country attended. The purpose of the organization is to extend self-government among the women of colleges and universities.

THE M. A. C. FACULTY SOCIAL CLUB is planning a second spring term party on Saturday evening, May 22. The affair will be a combined picnic and dance.

A MOVEMENT FOR MORE SINGING has been started at M. A. C. It is a well known fact that many of our alumni and present students know only one verse of "Alma Mater," and we have no book of strictly M. A. C. songs. Daily singing is being urged at Society houses and clubs, and college songs are being learned. Prof. Taylor is making a collection of words and music for new songs in the hope of soon publishing a book.

THE ADVERTISING CLUB was addressed Wednesday evening by Mr. Carl Parker, formerly Sales Promotion Manager at the Reo Motor Car Co. of Lansing, and now local branch manager for the Central Michigan territory in the Reo sales organization. At the meeting the previous week, Mr. Fred Wait, advertising manager of the New Way Motor Co., and formerly advertising manager at the Reo, was the speaker.

THE PLANS FOR THE SENIOR MARDI GRAS, to be held on Thursday, June 10, and which is to be given this year for the first time, are not yet all worked out, but the committee have in mind making it an annual affair. It will probably be in the nature of a water carnival, and will be held on the

banks of the Red Cedar. The senior class will be in charge and the whole school will be invited to participate. Decorated canoes, booths, costumes and masks will no doubt be features of the event. The Mardi Gras is expected to be most picturesque, and will present a custom well worth handing down.

COLLEGIATE JOURNALISTS of the state will meet at Ann Arbor May 7 and 8 for the purpose of forming a Michigan Intercollegiate Press Association. The Holcad will be represented by the editor and business manager. A permanent organization will be formed, the purpose of which is to further co-operation among its members.

JUNE CHRISTINE RAPP, '21, of Vicksburg has been elected co-ed editor of the Holcad for next year. This is the first time this office has been filled by election.

THE COSMOPOLITAN CLUB, an organization of former years whose organization dates back to 1910, has been re-established again on the campus. At present it has a membership of twelve. The club was banqueted by the Y. M. C. A. last Thursday evening.

THE SOPHS HELD THEIR ANNUAL spring term party in Agricultural Hall last Saturday evening. American flags, balloons, candy kisses, serpentines, and confetti helped twenty-two people enjoy themselves.

THE OPEN FORUM ASSOCIATION gathered together in the gymnasium Tuesday evening for its first annual meeting and listened to arguments pro and con on live campus subjects. The interest in the new Open Forum plan for the discussion of questions of moment in campus affairs to both students and faculty was manifested by an attendance of nearly 500. By means of the meetings the student council hopes to get a crystalized public sentiment acting with them in college and student matters. At the first meeting President Kedzie acted as honorary chairman and the following subjects were presented for discussion and action by the Forum: The Need for an M. A. C. Open Forum as a Supplement to the Holcad Editorial Policy—E. L. Overholt, '20; The Place of Songs and Singing in College Life—C. W. McKibbin, '11; Mass Singing of College Songs—Led by Prof. J. S. Taylor; Purpose and Plans of the Canoe Club—Wayne Palm, '21; Common Courtesy in College Athletics—Stanley Johnston, '20; Student Government—Prof. A. J. Clark.

EDITORIAL COMMENT.

COLLEGE BEQUESTS.

The bequest by Mattie King Baillee mentioned elsewhere in this issue, is only one of several which have come to the college in the last few years. And it is interesting to note that these are all by people who were never connected with the college as students or in any other capacity, but were simply friends of M. A. C., and have recognized the good work which the college has done and is doing.

In the past it was the custom, when a man or woman wished to leave something for posterity, to specify that it be used for a building or some other tangible monument to his memory. But now the tendency is to invest it in the lives of the coming generations, in the form of endowments for increases in professors' salaries, for scholarship funds, or for scientific investigational work. Two lines in a college catalog may not be as impressive as a name cut in granite or marble, but they are much more enduring.

* * *

A COURSE IN ADVERTISING.

A number of M. A. C. alumni have gone into various lines of advertising work. In almost every case they have entered the advertising field not because they were particularly fitted as advertising men, but more often because they were specialists in some particular line of agriculture or engineering. They knew their own line perfectly, but the advertising end of it was more or less thrust upon them.

Advertising is becoming a business and a profession that is establishing itself permanently in the industrial world. Never before has it reached its present volume. A knowledge of it is essential in almost every line of work. It is equally valuable to the farmer and the engineer.

No doubt, those of our alumni who are engaged in advertising work could have been better fitted for their particular jobs had they had an opportunity to study advertising while in college, or at least an opportunity to gain some knowledge of its various phases. We believe that there is a distinct need for a course in advertising at M. A. C. It is certain that the dozen or more senior students who expect to enter advertising work following graduation this June would be far better prepared to take up that work had they been afforded an opportunity of a course—no matter how brief—in advertising psychology and advertising methods.

* * *

THE NEW SALARY SCALE.

The State Board of Agriculture, at its April meeting took action for the second time this year on increases in salaries for

the instructional force. Such an action is unprecedented, and did not come entirely as result of agitation on the part of the faculty, but equally as an expression of appreciation from the Board of Agriculture. This action places M. A. C. as the equal of many of the larger institutions of learning in the middle west with respect to salaries. Remuneration of instructors and professors now equals and in many cases surpasses that of other schools of equal standing.

Realizing that a strong faculty is, after all, the backbone of an institution, without which no college is strong, the Board cut down all other expenses to the lowest possible minimum in order that salaries might be increased to the maximum. There is no reason now why we should not keep the strong members on our faculty, and be in line to procure new ones of the very best order. M. A. C. will of course have to do without her anticipated new buildings—the auditorium and administration building—but with the high cost of building material and labor it is doubtful if the Board would have considered building advisable at this time.

The action of the State Board of Agriculture substantiates the faith that alumni have had that the salary question would be settled in a satisfactory manner. The attitude of the Board is especially commendable with respect to the policy they have followed in providing for the new schedule.

In their report the committee recommended that they "make the increase even if it produces a deficit and go to the legislature for an appropriation to take care of that deficit" rather than "refuse to adopt the increase urged by the faculty committee and perhaps lose some of our best and most efficient instructors."

ATHLETICS.

FIRST DUAL MEET WITH DETROIT JRS.

Michigan Aggie track team will meet Detroit Junior college in the first outdoor dual meet of the season at College Field Saturday. The regular list of events as held in Western conference meets will be included.

Last Saturday an interclass meet was held at M. A. C. from which the entries against Detroit were to be picked. Fifty and sixty men were entered in the competition and Coach Smith will have a large list from which to choose his team to compete next Saturday.

The new Aggie track coach has been working steadily with all material available since his arrival at East Lansing and Aggie supporters expect him to uncover some candidates for the team with real ability. This year's aggregation has been particularly weak in the weight events in all indoor meets and if Coach Smith can

bolster up this end of the aggregation, the Aggie team will be well balanced.

BIG WEEK FOR BASEBALL.

Michigan Aggie baseball team faced its hardest week of the season in the seven days ending Saturday when two home games and three on foreign soil are to be played.

Armour Institute clashed with M. A. C. on the local field Monday and the University of Michigan came here Wednesday. Thursday the Aggies meet Armour Institute at Chicago, Friday Valparaiso university at Valparaiso, Ind., and Saturday Notre Dame on South Bend field. A game which was scheduled with the University of Chicago nine was called off when the Maroon team decided on their trip to Japan.

The men picked for the Chicago trip are Johnston and Oas, catchers; Higbie, Andrews, Carr, Springer and Hendershot, infielders, with Doscher, Willman and Snider for the outer garden, and Donnelly, Hartwig, Mills and Brown constituting the entire repertoire in the mound staff.

May 12 is a return game with Michigan at Ann Arbor and May 14 a home game with Oberlin.

ARMOUR TECH. LOSE ONE 13-4.

Armour Tech was the goat Monday afternoon when Director Brewer's squad of

Aggie athletes decided to stage a field day in East Lansing. The scoreboard showed a count of 13 to 4, when the melee ended a few minutes before 7:00.

While the playing on both sides was far from air-tight, the Aggies could afford to take life easy after the initial frame. The same cannot be said for Armour, for their chances left with the beginning of the game.

Hartwig, who started for the Aggies, held to a steady pace and while his delivery was found frequently, the fielding of the team behind him held the Chicagoans at bay. During the seventh inning a series of mistakes netted the Tech men three runs, but a general tightening all the way around prevented the inning from becoming really serious, and then George Mills went to the mound.

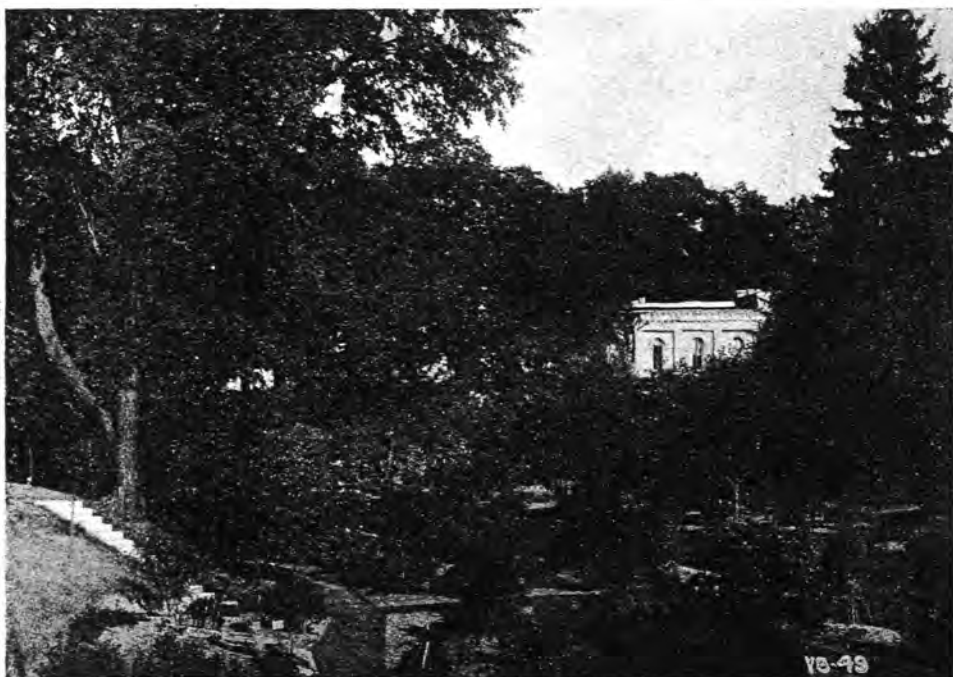

During the eighth and ninth, Mills was almost air-tight, and his deliveries were touching all corners.

The fireworks started for the Aggies in the first inning when two runs were brought in before the Armour team was able to gather itself together.

Score by innings:

| | | | | | | | | | | |
|------------------|---|---|---|---|---|---|---|---|---|-----|
| Armour Tech..... | 0 | 0 | 1 | 0 | 0 | 0 | 3 | 0 | 0 | —4 |
| Aggies | 2 | 0 | 1 | 1 | 1 | 4 | 0 | 4 | x | —13 |

Two-base hits—Willman, Gilbertson. Stolen bases—Johnston, Higbie (3), Willman, Hendershot (3), Springer, Peters, Zingheim,

“And walk by the stream in the gardens that seem to drip with the lilac’s perfume.”

Sevec, Schumacher. Double play—Malpede, unassisted. Bases on balls—Off Hartwig, 3; Bready, 3; Gilbertson, 3. Struck out—By Hartwig, 3; Mills, 3; Bready, 9; Gilbertson, 2. Passed ball—Johnston, Grueb. Umpire—Green.

MICHIGAN BESTS AGGIES 5 TO 3.

On the first real spring afternoon the campus has yet experienced and before the largest crowd of the season M. A. C. fell before Michigan 5 to 3 in a game that no one could claim till the end.

Loose fielding cost M. A. C. the two runs in the seventh that gave Michigan a lead that the Aggies could not overtake.

"Shorty" Snyder for M. A. C. and Knode of Michigan were easily the fielding stars, while Genebach and Newell of Michigan outshone all comers at the plate.

"Lefty" Brown pitched the first seven innings for the Aggies and was replaced by Mills. Michigan started Ruzicka, but the Green and White batters were so successful in finding him that Scheidler was rushed in almost before the inning was well started. Parks finished the game for Michigan, going in at the beginning of the eighth.

Runs—Snider 2, Willman 3, Newell 2, Genebach 3-5. Errors—Carr, Andrews 2, Doscher, Johnston. Two-base hit—Carr. Three-base hit—Genebach. Stolen bases—Snider, Van Boven 2, Knode. Sacrifice hits—Hendershot, Perrin. Double plays—Knode to Van Boven to Newell; Snider to Johnston; Andrews, unassisted. Bases on balls—Off Brown 2, off Ruzicka 1. Struck out by pitcher—By Brown 3, Mills 3, Parks 2. Passed ball—Genebach. Earned runs—M. A. C. 1, Michigan 1. Umpire—Green.

FOOTBALL COACH SOON TO BE ANNOUNCED.

The Athletic Board of Control at a meeting Wednesday were apprised by the personnel committee of the fact that a new football coach, reported to be one of the best in the west, has been hired for next year. At the present time it is not possible to make known the name of the new Aggie mentor, but no doubt an announcement will be made during the coming week.

Our alumni are the backbone of the college. Is your particular segment stiff and dependable?

THE CAMPUS RUMOROMETER.

By T. S. Blair, '21.

BEAT MICHIGAN.

As this is being written early Wednesday morning the slogan of the campus is BEAT MICHIGAN. This afternoon is the first meeting this season of the ball teams representing the greatest schools of this state. All week we have been fed by local and Detroit papers with articles telling of the prowess of the Wolverines. In another part of this publication will be found the results of the game.

And if we win as the campus feels sure that we will, as M. A. C. alumni don't let any Michigan graduates that may reside in your community be long misinformed as to what happened down at the farmer school. After beating—we use the word beating advisedly—Michigan twice in the past basketball season, it kind of goes against the grain to read the amount of newspaper sport bunk that is handed our Ann Arbor friends. And if any of your U. of M. friends pass up to you that Michigan beat M. A. C. in football last fall just kindly recall to him their own very brilliant and successful season.

CO-EDUCATIONAL CANOEING.

It is a fact. After many years in which college rules were severely strained at times M. A. C. co-eds may at last enjoy co-educational canoeing upon the picturesque Red Cedar. And they may enjoy this sport with faculty sanction.

The past week the M. A. C. canoeing club became an actuality and although the details are not yet working without friction a decided step has been made in a much desired direction.

THE FIRST OPEN FORUM MEETING.

Last Tuesday night the first meeting of the newly organized M. A. C. Open Forum Association was held. The meeting from a truly open forum standpoint was not all it was hoped to be as no general discussion on the topics presented took place upon the floor of the assembly. However, at the close of the meeting more thoughtful, sane discussion took place among the students and the faculty than has been heard for some time upon the campus.

And the actual results are yet to be judged. The meeting caused the students to really discuss in a thoughtful, reserved manner many questions that have been sliding through our college life as an accepted fact rather than something that could be improved. Out of the discussions sponsored by the open forum session there has already been talked of by faculty members the advisability of calling a small group of representative campus men together to discuss true, student government at M. A. C.

THE UNION DRIVE.

It is with much interest that the students

watch the advance of the Union Memorial fund. That the fund increases steadily is keenly noted by the campus inhabitants. But like all of youthful tendencies we begin to want to see the wheels go round. And at least see the wheels go round to the extent of having submitted architect's plans.

NEW SALARY SCALE ADOPTED.**Liberal Increases in All Grades for Coming Year.**

At their meeting last week the State Board of Agriculture adopted a scale of salaries for the college staff for next year that makes M. A. C. the equal of the best state institutions of the middle west.

The increases affect all grades and provide advances of from \$600 to \$1,200 over the present scale. With the raise granted college teachers effective March 1st, the new contracts are being written at rates averaging well over \$1,000 more than those for the present year.

The new schedule provides for salaries as follows:

Men, deans, \$5,000; professors, \$4,000; associate professors, \$3,800; assistant professors \$3,200; instructors, \$1,800 to \$2,400; women, professors, \$3,800; associate professors, \$3,000; assistant professors, \$2,200, and instructors, \$1,600.

The recommendations were made fixing a minimum, but no maximum was established. A large number of men and women of the staff have been given much more than the minimum, it being the idea to reward individual efficiency and loyalty.

The entire text of the salary committee report may be found in the minutes of the April meeting of the State Board of Agriculture in another column in this number.

WITH THE ALUMNI CLUBS.**M. A. C. CLUB LUNCHEONS.**

Detroit—Every Friday noon at 12:30, Fellowship Club, 70 Washington Blvd.

Chicago—First and third Fridays of every month at 12:15, Inter-collegiate Club, 16 W. Jackson Blvd.

Lansing—Second and fourth Mondays of every month, 12:15, Hotel Kerns.

LIVINGSTON COUNTY ASSOCIATION ORGANIZED.

Michigan Aggies in Livingston county turned out enmasse Saturday night at the call of a basket supper to organize a Livingston County M. A. C. Association. The meeting was held at Victory Hall in Howell and about thirty-five M. A. C. people and their friends attended. Jimmy Hayes, '11, acted as toastmaster after he was properly introduced by Chairman Burkart, '10. H. T. Ross, '04; Dr. J. W. Toan, '90, of the Howell

Sanitarium; Director Brewer, Alumni Secretary McKibbin, and Mr. G. P. Burkhart, '10, gave some spirit rousing talks on the college—past, present and future.

An election of officers followed the organization meeting and G. P. Burkhart, '10, of Fowlerville was elected president and F. S. Dunks, '05, of Howell secretary-treasurer.

The association voted to hold a picnic early in the summer.

LANSING LUNCHEON.

Monday, May 10, at 12 noon, Central Michigan M. A. C. people will gather for their bi-monthly luncheon at the Hotel Kerns Blue Room.

MEMORIAL SCHOLARSHIP TO A. BARTLETT KING, '19.

A memorial in the form of a scholarship to be known as the A. Bartlett King scholarship, has just been granted to the Northern State Normal by the Daughters of the American Revolution of Marquette, of which city King was a resident. This scholarship will be in the form of an annual amount sufficient to defray the yearly expense of tuition and fees for a deserving young man student in the college who shall be selected to receive the scholarship benefits by a committee composed of the president of the college, the president of the Men's Union, and a member of the faculty.

Mr. King was a graduate of Marquette Normal, and his mother a Daughter of the American Revolution. He was a student at M. A. C. for two years with the class of '19, and left to enter the service with the 107th Engineers. He died from pneumonia on October 7, 1918, after exposure in the Argonne drive. He was cited for important reconnaissance work during the Chateau Thierry drive, and won the Croix de Guerre for exceptional bravery during the drive north of Soissons.

M. A. C. RECIPIENT OF ANOTHER BEQUEST.

A bequest of \$5,000 was presented to the College at the March meeting of the State Board of Agriculture, the interest of which is to be used to assist needy girl students. This is the second similar bequest within the year.

The bequest comes from Mrs. Mattie King Baillie of Berlin Heights, Ohio, who died in January, 1918. Her will provides for the bequest as follows:

"I give, devise and bequeath the sum of five thousand dollars (\$5,000) to the Michigan Agricultural College, to be invested in safe and suitable securities, the income of which shall be used for the help of needy girl students of said institution as a loan without interest, at the discretion of the

Dean of Women and the President thereof, such loan when repaid to become a part of the fund for such use. This bequest, I desire to be known as the 'Colonel George P. Sanford and Louise King Sanford Memorial Fund;' only the income of it shall be used for the object stated, said fund to be a perpetual memorial of the loyalty and devotion of Mr. and Mrs. Sanford to the welfare of those less fortunate than themselves."

Mrs. Baillie was a near relative of Colonel and Mrs. Sanford, for whom the bequest is to be named. The Sanfords were well known in the early life of Lansing and the college, though neither of them were ever students here. Colonel Sanford was editor of the Lansing Journal in the early seventies, and will be remembered by some of the members of the older classes as being a very public spirited man and interested in the college, although he did not always approve of the political forces administering college affairs. Mrs. Sanford was active in the social life of Lansing in its earlier years.

THE FRATERNITY QUESTION.

Arguments Not Pro But Con.

April 29, 1920.

I have been following the progress of the national fraternity agitation at M. A. C. with a great deal of interest. Today I received a letter from the Intersociety Union, evidently asking for the opinions of the alumni. So here is the question the way I see it and the way I think a great many others see it.

In the first place national fraternities are exponents of principles exactly opposite to those M. A. C. stands for. Fraternities are university affairs. An organization in one school looks to other chapters for its method of doing things, and apes the conduct of the richer and more extravagant schools. M. A. C. stands for a sane and economical college life. It tries to attract fellows from the farms and small towns, and presents arguments to prove that a man can go through the four years with very little expense, at the same time having all the social advantages of the place.

Now if we should establish chapters here it would, according to some of the arguments, attract a certain class of men who attend an educational institution for the social advantages it offers. It hardly seems possible that we care to have any more than we can help of this type. While M. A. C. tries to increase her enrollment and we all want to see her grow—at the same time we do not want to obtain growth at the expense of other things. A big enrollment of "fraternity men" certainly would react against an enrollment of the back-bone material, the fellows who work their way through school.

M. A. C. is democratic. It has had in the past and hopes to have again the dormitory system. From that system it has gained a true college spirit, a spirit that says the school first and our societies next. It is true that the tendency has been for the societies to live in their own houses and draw apart somewhat. But I have talked with several who regret now they never had the experience of dormitory life and there isn't one fellow who lived in a society house during the whole four years or the last three years of his college career, who does not feel the same way. They realize now that it was from many standpoints a distinct mis-

take. And can we have a true dormitory system with National Frats?

We have always stuck to M. A. C. and forgotten our smaller cliques and parties when there was a question of choosing. Is it not a fact that the National Fraternities exert a tremendous pressure upon their members? Their members are cheered on the athletic teams and pushed through to office on elections, no matter what claims a rival fraternity man or especially a non-frat man has to the same help. It is a fact and proof of it comes out every fall during football season that fraternities had rather see their own man get a place on the team than to see the school or university have a winning combination, made up of those outside the sacred pale.

Now from the standpoint of the alumnus. One hears that a Greek letter man can find a gathering of his own brethren in any large city. Wouldn't that be fine! But I should hate to guarantee the success of an M. A. C. association meeting if we had fraternities and the high Banjandrum of the Greeks ran a competition the same day. There would be a few in attendance at the M. A. C. meeting because of course not every alumnus would be a fraternity man. Of course the fraternity gathering would have much more to discuss because they have big things in common—the Fraternity—while nothing much can be said of an association meeting. This I confess is about the only argument in favor of fraternities from the standpoint of an alumnus. Right here let me say that in the large universities—where unit college action and incidentally real college spirit is necessarily lacking—the fraternity probably is an asset. At M. A. C. for a great many years to come we will have no need for substituting fraternity loyalty in place of the united school spirit and ideal which has made our college what she is today.

I believe that a majority of the Alumni agree with the above statements; the student body naturally sees only the temporary side of the affair and not its true relation to the school and its problems. I hope you will pardon this long-winded discussion for this reason.

Yours for a bigger and better M. A. C.,
D. L. Peppard, '17.
These are my sentiments, too.
V. C. Taggart, '16.

MEETING OF THE STATE BOARD OF AGRICULTURE.

April Minutes.

April 21, 1920, 1:30 o'clock, p. m.

Present, President Kedzie, Mrs. Stockman, Messrs. Woodman, Beaumont and Watkins.

The minutes of the previous meeting, having been in the hands of the members, were approved without reading.

The following report of the Committee on Budget and Employees was adopted:
To the State Board of Agriculture:

Your Committee on Budget and Employees respectfully reports as follows:

At the request of President Kedzie, we had on April 10th last, a conference with Professors Clark, Plant and Steward, representing the Faculty, with reference to salaries for the coming year. They presented to us facts and arguments tending to show, and we think showing, that the recent increase made by this Board is insufficient, at least in so far as it pertains to salaries of professors and associate professors. Subject to the conditions hereinafter set forth, we recommend the following minimum scale of salaries, which is the scale recommended by the Faculty Committee, viz:

| | | |
|------------------|-------------|------------|
| | Men. | |
| Deans ----- | | \$5,000.00 |
| Professors ----- | | 4,000.00 |

| | |
|----------------------------|----------|
| Associate Professors ----- | 3,200.00 |
| Assistant Professors ----- | 2,400.00 |
| Instructors ----- | 1,800.00 |

Women.

| | |
|----------------------------|------------|
| Professors ----- | \$3,800.00 |
| Associate Professors ----- | 3,000.00 |
| Assistant Professors ----- | 2,200.00 |
| Instructors ----- | 1,600.00 |

The foregoing recommendations are made fixing a minimum. In the judgment of this committee, it is deemed wise to fix no maximum. There are now in these various classifications men who are entitled to much more than the minimum. Teachers, who are efficient and loyal and enthusiastic, should not be handicapped by this minimum but should receive salaries ranging from \$600 to \$1,000 or perhaps more, in excess thereof.

This recommendation is, of course, conditioned upon the fact that we have sufficient money. By this we do not mean that after taking care of all other college expenditures, buildings, repairs, etc., there will be enough left to take care of this recommended increase. We think that the salaries of loyal men and women, who constitute, after all, the real college, are quite as important as any other college expenditures. What we mean is that if, after reducing or revising other college expenditures or estimated expenditures to the lowest possible minimum, there shall then be insufficient money to pay the salaries recommended above, we are left to accept one of two contingencies: (a) refuse to adopt the increase urged by the Faculty Committee and perhaps lose some of our best and most efficient instructors, or (b) make the increase even if it produces a deficit and go to the legislature for an appropriation to take care of that deficit. We recommend the latter contingency.

Mr. Wyant was appointed instructor in Dairyin— from May 1 to September 1.

The following recommendations of Director Baldwin were approved: Mr. M. C. Thomas to be county agent in Monroe county beginning April 15. Mr. Frank W. Bennett to be County Agent for Barry county beginning April 15. Miss Grace Pinnell to be Home Demonstration Agent in Manistee county, beginning April 20. Each county agent is to receive the usual \$1,200 from Lever funds and the home demonstration agent \$1,000 from the same source.

The resignation of R. V. Tanner, County Agent for Barry county, was accepted, effective April 15; also the resignation of Mr. David Woodman, County Agent for Cass county, effective May 1.

Mr. Lawrence Bannan to be county club leader in Saginaw county, beginning April 16. Mr. Carl M. Kidman, county Agent in Presque Isle county, to be transferred to Cass county, effective April 26. Mr. Edward S. Brewer to be County Agent to succeed Mr. Kidman, effective April 26.

Mr. P. G. Andres was given a year's leave of absence without pay, beginning September 1 next, with the understanding that upon his return he shall have the rank of Associate Professor.

The expenses of Professor Sawyer, while accompanying students upon an inspection trip to Niagara Falls, are to be paid by the college.

Mr. Gauthier is to remain upon the pay roll until April 30.

The recommendation of Director Brewer, as contained in the following letter, was approved:

Dear President Kedzie:

Miss Edith Casho has notified me she will not return next September, wishing to study for probably a year. I would like to act with you and the State Board Chairman on the Department of Physical Training to secure a woman to take her place, coming to us September 1, 1920.

C. L. Brewer, Director.

Also, his recommendation was approved that Mr. Arthur N. Smith be appointed instructor in Physical Training for the period from April 1 to August 30.

The request of Miss Casho for leave of absence was referred to the President, Mr. Brewster and Mr. Watkins, with power to act.

Professor Morrison was authorized to attend a meeting of the Indiana Physicists at Terre Haute, Indiana, in May, with transportation expenses paid.

The following changes in fees were authorized:

M. E. 2d and 3d, Farm Mechanics, changed from _____ \$1.50 to \$2.00

M. E. 31 and 32, Pattern Shop, changed from _____ 1.50 to 2.00

M. E. 41, Forge Shop, changed from _____ 1.00 to 1.50

M. E. 51, Foundry, changed from 1.00 to 1.50

Miss Helen Gillette was appointed instructor in Domestic Science from April 1 to August 31.

Mr. Ezra Levin was transferred to the Department of Soils, beginning April 1.

The resignation of Frank Hebard as Inspector of Feeds and Fertilizers was accepted, effective April 3, and the resignation of Mr. Eugene F. Berger as Assistant Chemist of the Experiment Station was accepted, to take effect April 30; also, Mr. Ezra A. Hebard was appointed Inspector of Feeds and Fertilizers to succeed F. A. Hebard, the appointment to date from April 5.

Five hundred dollars was added to the apportionment of the Department of Entomology for the remainder of the fiscal year.

Mr. Earl H. Spencer was appointed instructor in Civil Engineering for the months of April, May and June.

Professor Emmons was authorized to attend the Centennial Educational Conference to be held at Indiana University in May, with transportation expenses paid.

The contract of Mr. C. J. Overmeyer is to be extended until September 1.

The matter of Mr. Wallace's resignation as Chairman of the Board was laid upon the table.

Mr. Otto Friedemann of Stillwater, Oklahoma, was appointed half-time assistant in Bacteriology, beginning September 1.

The following changes in fees were adopted:

Botany 22, \$1.00; Chemistry 4, \$5.00, changed from \$4.00; 19b, \$5.00; 20a, \$5.00, changed from \$4.00; 20b, \$5.00, changed from \$4.00; 20c, \$6.00, changed from \$4.00; 21c, \$5.00, changed from \$4.00; 23, \$5.00; 24a, \$3.00; 24b, \$5.00; 26, \$4.00.

Civil Engineering 16b, \$2.00; Electrical Engineering 4, \$4.00, changed from \$2.00; Mechanical Engineering 11b, \$2.00, changed from \$1.00; 43, \$2.00; 51, \$2.00, changed from \$1.00; 62, \$1.50; 63, \$2.00.

Music (piano), \$12.50, changed from \$8.00; (voice), \$7.50, changed from \$5.00. Geology 7, \$1.00. Zoology 6, \$1.00. Deposit Bacteriology 23, \$5.00; 23a, \$5.00.

The recommendation of the Committee of Deans that Miss Eugenia McDaniel, Secretary of the Graduate Committee, and Miss Elida Yakeley, Registrar of the College be ex-officio members of and authorized to sit in the Faculty, was approved.

Mr. D. A. Taylor was appointed foreman of the Farm Mechanics Laboratory, beginning April 1.

The title of Dr. Mumford, Professor of Farm Management, was cancelled at his request.

The resignation of Mrs. Leola Sessions as library assistant was accepted, effective April 2.

Mr. D. L. McMillan was authorized to arrange for the purchase of the Stranberg property, across the road from the Chatham Experiment Station, at \$4,000.

The request of J. W. Weston for an automobile was referred to the President, Dean Shaw and the Secretary for an investigation and report to the Board.

The communication of Colonel E. L. Munson of the General Staff in regard to scholarships for the children of officers of the army was referred to the President and Secretary for report at the next meeting.

Two hundred dollars was appropriated for the entertainment of the County Champions in the Boys' and Girls' clubs in the lower peninsula and the same amount for the upper peninsula.

The secretary and Mr. Schepers were authorized to attend the annual meeting of the Association of Business Officers of the Middle West Colleges and Universities in Chicago, May 7 and 8, with expenses paid.

The price of Michigan Bird Life, in paper, was advanced to \$1.00 plus postage.

The matter of a new athletic field was referred to the President, the Secretary and Mr. Brewer for survey and report.

Mr. Watkins was added to the above committee.

Authority was given to purchase a piece of property bounded on the north by Michigan avenue, on the east by land belonging to the Michigan Agricultural College, on the south by the thread of the stream of the Red Cedar river, and on the west by the so-called Cedar Bend addition to the City of East Lansing.

On motion adjourned.

Class Notes

'81.

A. B. Turner, '81, 1805 Parkway, Memphis, Tenn., sends greetings to let the family know that he is still a booster for M. A. C.

'83.

H. A. Dansville, '83, of Manistee is treasurer of Manistee county, as well as president of the Northwest Michigan Association.

'91.

Henry H. Doty (with) 238 Central Ave., Highland Park, Illinois, is Division Manager for the Monroe Calculating Machine Co.

Robert J. Crawford, Armada, farmer and County Agent of the State Board of Corrections and Charities since 1908 has a 260 acre farm and a 60 acre orchard.

'99.

W. E. Mills, '99 (with) is still in the army as a captain in the Quartermaster's Corps, located at Jefferson barracks. During the war he served as a major in the 2nd and 42nd divisions, and as lieutenant colonel in the 115th Infantry.

'01.

If you haven't already asked for leave of absence for June 13-16, better get busy. This is the regular reunion year of '01.

Mark L. Ireland, Colonel of the Motor Transport Corps since March 15, 1920, is "motor transport officer for El Paso District, El Paso, Texas; engaged in El Paso to Douglas, Arizona road tests of motor trucks, 1½ and 3 ton on solid and pneumatic tires, test of motorization of 24th U. S. Infantry, Columbus, N. Mexico, and border patrol duties; member of National Research Council Committee on Economic Theory of Highway Improvement." Mrs. Ireland (Irma Thompson '00) and three children are located in their home at 406 Harrison Ave., Alamo Heights, San Antonio, Texas. Col. Ireland is author of History of the Motor Transport Corps, A. E. F., and Demobilization of the Army's Motor Transport Fleet. He was chief of Motor Transport Repair Division with station in Tours, France during the latter part of hostilities until called to United States in February, 1919. He was recalled for duty

in the A. E. F. in April, 1919, and served abroad until Armistice Day 1919.

'05.

Nelson J. Smith, '05, lives at 1717 N. 16th street, Boise, Idaho.

From K. B. Stevens, '05, 1443 Mississippi avenue, Portland, Oregon, we have this: "Assistant Superintendent, Union Oil Co. Very busy building filling stations and substations in Oregon and Washington. Raised the price of gas to carry on the work. Wish to announce the arrival of a second son, 9½ pounds, on February 11. Therefore please make reservations for one in the "coop" and for two in Wells Hall for the class of 1940."

'08.

E. S. Martin, '08, formerly of Pittsburgh, is now a member of the firm of James A. Wickett, Ltd., contracting engineers, 59 Yonge street, Toronto, Canada. He lives at 40 Oakwood avenue.

Amos H., '08, and Mrs. Ashley Lela Lawrence of Lincoln, Nebraska, announce the birth of a son, Frank Nelson, on March 17.

'10.

A. G. Tyler '10 (with) is now living at 2160 Carter avenue St. Paul, Minn.

'11.

Floyd J., '11, and Mrs. Gibbs of Charlotte wish to announce an addition to their family, Betty Maxine, weight 7 pounds and 5 ounces, on April 22.

H. E. Dennison, '11, "Denny," of Owosso, visited the college last week.

L. B. Scott, who has been connected with the U. S. Department of Agriculture, Bureau of Plant Industry, at Washington, D. C., left April 1 to accept a position as general manager of the California Nurserymen's Bud Selection Association. "As the work will be along the lines of commercial application of investigations which we have been conducting for the past nine years," he says, "it will not be a great change from my present line of work. The Association will be operated as a public service proposition to the extent that any fruit grower who desires to purchase buds or scions for top working can secure them from the organization. The main purpose of the organization, however, is to furnish all the buds used by the different nursery members of the organization."

For the first few years our main efforts will be confined to deciduous fruits, such as apples, peaches, prunes, cherries, plums, pears, apricots, almonds, and walnuts, but we hope eventually to extend our activities to citrus, avocados, and other subtropical fruits.

'12.

Edwin Smith, '12, has asked to have his address changed from Spokane to Wenatchee, Washington. He is still with the U. S. Bureau of Markets.

'14.

Jack Boerema, State Sales Manager for the Gerrard Wire Tying Machine Co., Inc., of Chicago, with Mrs. Boerema and their two and a half year old son, have recently moved to Detroit. "We will be mighty glad to get acquainted with any of the fellows from M. A. C." writes Jack. The Boeremas live at 93 Hogarth Ave. His office is at 31 W. Woodbridge St.

Peter G. Mason (with) deals in hardware and farm implements at Blanchard.

James C. Johnson, formerly of Keystone, Oklahoma, now of Winslow, Arkansas, Box 186, writes, "Was transferred here a couple of weeks ago in charge of a drilling well. We are located at about 2200 feet above sea level in the Boston Mountains, and have hopes of oil. This is a rough and beautiful country, typical of the Ozark mountains."

George T. Smith, 1334 Laketon Road, Wilkinsburg, Pennsylvania, is an electrical engineer for the Westinghouse Electric & Mfg. Co.

Melvin A. Russell, '14, with the U. S. Bureau of Markets, returned from New Orleans on April 1, and will be located at 139 N. Clark street, Chicago, 506 City Hall Square building, for a few weeks.

EAST LANSING, MICHIGAN

'15.
This from E. A. Boettcher, 222 E. Washington Ave., Muncie, Ind., "Am at present Assistant Resident Engineer of the General Motors Corporation, Chevrolet division, and am learning a great deal about construction of factory buildings. I am doing some detail cost engineering and also inspection work. We are about to finish the first unit of a factory group that will eventually cost about 12 million dollars. Intend to go back to horticulture in about two years."

'16.
Herbert Hurd, R. F. D. No. 5, Lansing, is taking an active part in agriculture by farming 125 acres of land in Clinton county. "Would be more than pleased to come across any M. A. C. men," he writes. "I meet a great many from time to time. Thanks, many thanks to dear old M. A. C."

Ray B. Bolton is state veterinary inspector for the state of Vermont, with headquarters at Hardwick, Vt. "Should any of the M. A. C. bunch be so unfortunate as to venture into this neck of the woods in winter time, or summer either," he writes, "they will find the latch string out and we shall be very glad to see them. All success to the old college."

John P. Dunn lives in East Lansing and is connected with the Field Agent work, U. S. Department of Agriculture, with office in the post office building in Lansing.

George A. Willoughby, 403 Waller St., Saginaw W. S., as Manager of Shops and Laboratories for the Arthur Hill Trade School, says he is working hard every day, but not getting rich very fast.

Norris E. March, Engineer for the Brunswick Balke-Collander Co., Muskegon, lives at 45 Montgomery St. He is married and has a son and daughter.

Stanley J. Brownell lives at 1019 Smith St., Flint.

Esther A. Keating is a dietician in the Greenpoint Hospital, Brooklyn, N. Y.

C. N. Richards, who is running the home farm near Benton Harbor, R. No. 1, is secretary of the Berrien County Horticultural Society.

'17.
Dwight C. Long, Iron County agricultural agent, is helping to spread the gospel of better farming in the country of the iron mines. "Have a young assistant," he says, "sixteen months old, who is learning the business and making fine progress. The work is decidedly varied, interesting and demanding. The country is beautiful, in the heart of Cloverland."

Alton M. Porter, Superintendent of the Hunters Land Co., Hunters, Washington, sends this, "I am busy taking care of an 882 acre ranch. We have apples, alfalfa, grain, beef cattle and hogs on our diversified ranch. We have no 'Henry' but I am rapidly getting broke to the use of a saddle horse. The railroad is 29 miles away so a steam engine is now a curiosity."

W. J. Cook of Scottville is Farm Efficiency Expert for the W. R. Roach & Co. This is a new department.

E. J. Manuel, '17, lives at 414 Artillery avenue, Detroit.

Anne Carson, '17, of Tecumseh, visited friends at East Lansing and the college over last week-end.

Earl A. R. Lauffer, '17, of Detroit, writes: "I guess I will have to call on you to change my address once more, but this time it will be a permanent one. We have bought a place at 1071 Garland avenue, what used to be St. Clair Heights, and moved out there the first of last week."

'18.
Bert Schneider, '18, who has been teaching agriculture at Wheatland, Wyoming, since last September, left April 1 for Sitka, Alaska, where he has a position with the

Experiment Station. A clipping from a Wheatland paper, which came to this office recently, had some very complimentary things to say about the work accomplished by Mr. Schneider.

B. R. Daugherty, '18 (with), of Holly, writes: "The Record is of great enjoyment to me and one of the first papers to receive my attention upon arrival. I am farming when the rain does not fall and I farm also when it does. Best regards to all the old M. A. C. men."

Leonard S. Plee, '18, lives at 612 W. Lapeer street, Lansing.

Mrs. Helen Pierce Bice, '18, 343 E. Hewitt avenue, Marquette, Mich., writes: "Employed in Pasadena, California, hospital in Physiological laboratory as assistant to Dr. L. M. Breed, until August 1, 1919. Miss Lois McBride, '19, was my successor and is employed there at present. Married to E. Stanton Bice in September, 1919, at Marquette, where I am now living. I found my M. A. C. training very valuable in my work."

E. J. Finch '18 (with) is principal of the High school at Bear Lake. He expects to return to M. A. C. to complete his course.

'19.
Wesley E. Thomas, '19, is foreman in the Heat Treat department of the Michigan Screw Co., Lansing, and lives at 1108 E. Kalamazoo avenue.

'20.
L. V. Benjamin, formerly with '18, is now county agent in Baraga county, upper peninsula.

Harold J. Ellis '20, (with) is a junior in Business Administration at the University of Minnesota.

C. H. Hiller, formerly with '18, who finished his college work at the end of the winter term, is agriculture teaching at Brown City.

Feed This Mixture to Get Large Milk Flow At Low Cost.

BUFFALO CORN GLUTEN FEED mixed as the principal high-protein ingredient with wheat bran or wheat mill feed, makes the grain mixture that is fed to thousands of the cows in the nine states that supply the people of New York City with their milk.

If you have not yet fed highly digestible BUFFALO CORN GLUTEN FEED, tell your dealer you want some, and feed this mixture:

*200 lbs. Buffalo Corn Gluten Feed
200 lbs. Wheat Bran, or Mill Feed
25 lbs. Linseed or Cottonseed Meal*

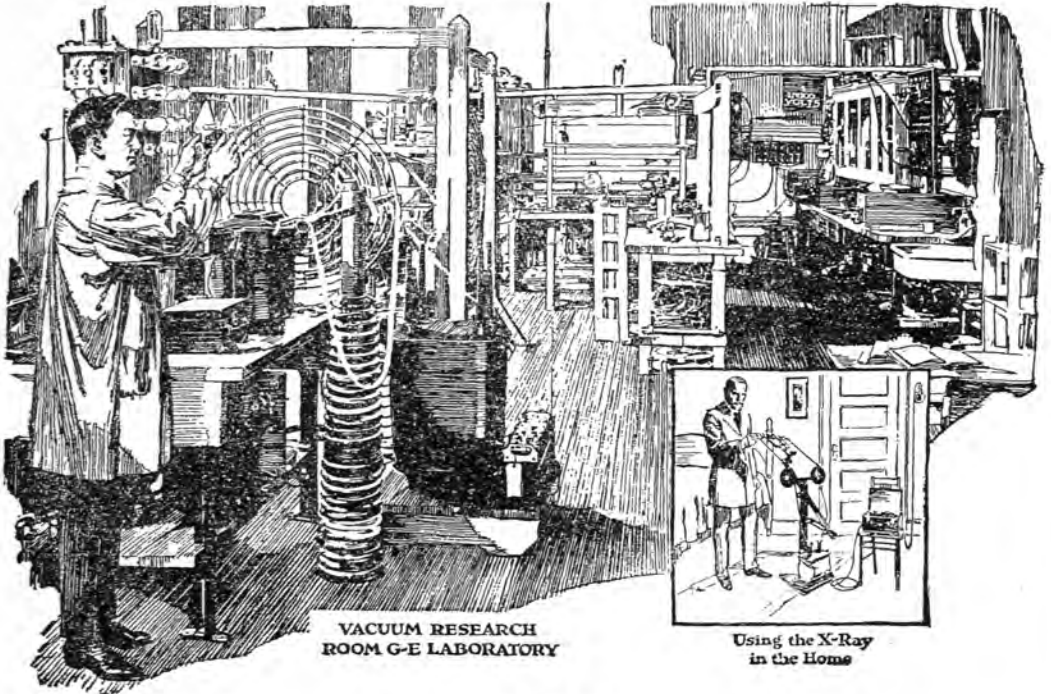

This grain mixture will make big milk checks for you, whether you sell your milk and cream in New York or Chicago, Detroit or Cleveland.

If your dealer does not happen to have BUFFALO CORN GLUTEN FEED in stock, write us, giving his name.

VACUUM RESEARCH ROOM G-E LABORATORY

Using the X-Ray in the Home

Greater X-ray Service — through Research

FOR years after the discovery of X-rays it was evident that only intensive research could unfold their real possibilities.

Meanwhile, scientists of the General Electric Company developed the process of making wrought tungsten. This proved ideal as the target in X-ray tubes and its use for this purpose soon became universal.

Then further research resulted in the development of an X-ray tube of a radically new type—the Coolidge Tube—with both electrodes of wrought tungsten and containing the highest attainable vacuum. But the complication of high vacuum pumps made the new tube in large

Self-Rectifying, Radiator-type Coolidge X-ray Tube

quantities impossible. The answer to this problem was the Langmuir Condensation Pump, utilizing mercury vapor in its operation and almost automatic.

To meet the need for simple X-ray apparatus during the war—the G-E Laboratory developed the Self-Rectifying Coolidge Tube, which made possible portable outfits at the front. The latest X-ray outfit of this type is so small it can be taken conveniently to the home or to the bedside in the hospital.

Thus the Research Laboratory of the General Electric Company continues to serve, that progress in things electrical may continue for the good of humanity.
