Dear friend,

This letter is to request that you forward copies of your publication titled:

CO-OFFICERS

FINANCE

Lansine Kaba  
*University of Minnesota*  
Tom W. Shick  
*University of Wisconsin,  
Madison*

to the headquarters of both Zimbabwean liberation movements as a contribution to the needs of those Zimbabweans seeking freedom from minority rule oppression.

Boston*  
George Shepherd  
*University of Denver*

We have been written by members of the movements to indicate their dire need for current information and publications concerning Zimbabwe, Southern African politics, and U.S. and European developments which will affect the struggle for Zimbabwe and its future development. In response, those of us in the ACAS collective have initiated a "Zimbabwe Information Project" to regularly clip newspaper and journal articles for ZANU and ZAPU. We forward these air mail on a regular basis to the addresses in Lusaka and Maputo.

NEWSLETTER

The United States government, as you probably know, is not providing significant relief for the wounded, the hungry, and the shelterless of Zimbabwe who are now in Mozambique, Botswana, and Zambia and who number over two million. In such a context, we believe that the least scholars in the United States and the West can do is to make sure that their materials are used by the Patriotic Front as well as the security agencies of the minority rule governments.

If you have any questions about these needs, please do not hesitate to write or phone us (517-353-1700).

Most sincerely,

David Wiley                      Michael Bratton                      Anne Schneller                      Marylee Wiley
