Dear people:

All of you are concerned with Southern Africa and in one way or another are related to the Madison Area Committee on Southern Africa (MACSA). Some of you have urged that some group bring the film "Come Back, Africa" to town.

The University YWCA will show that film January 9, 10, 11 (see enclosed poster). Please spread the word to whatever individuals and groups you have contact with - high schools, university departments or classes, church groups, political groups. Post the poster, reprint its contents if you wish, come see the film yourself, and bring your family and friends. The seating capacity of the room where it will be shown is only about 100 so come on time or early.

Madison Area Committee on Southern Africa notice:  
January 4, at 4 P.M., 306 N. Brooks St. in the YWCA lounge: meeting of the executive committee open to all interested. Agenda includes discussion of (a) long-term intent and strategy of the MACSA and (b) immediate strategy for the spring of 1970 with particular emphasis possible on Sharpeville Day, liberation movements, corporations, Kastenmeier. People are preparing tentative proposals for discussion. Think in advance what you would like to see happen and what kind of and amount of work you are prepared to do to see that it happens.

Future - possible meeting of general membership.  
possible party between semesters.

January 7 - table at the Memorial Union to sell literature and talk with people. Volunteers needed to man it. Call Bob Newberry, 262-2820.

Sincerely,

Ruth B. Minter  
Executive Director - U-YWCA
