Illustrated Lecture With Color Slides On

WHAT'S HAPPENING IN AFRICA

George Houser has over four hundred color pictures from which he can choose a hundred or so for any particular occasion. These pictures include views of African city and village life, scenic pictures, and sidelights on the political and economic problems in various countries of the continent.

Tape Recordings Available In Certain Lectures Or With
The Slides

George Houser has over twenty 15-minute tapes which include interviews with political personalities such as Z. K. Matthews, Chief Albert J. Luthuli, Patrick Duncan, Manilal Gandhi, and others in South Africa; and leaders of organizations like the National Council of Nigeria and the Cameroons and the Action Group in Nigeria, and the Convention Peoples Party in the Gold Coast. Also there are tapes of beautiful singing by a group of African girls in the Zulu language, and drumming, dancing, and folk music from various countries.

For more information or to make arrangements for George Houser to speak, get in touch with the Fellowship of Reconciliation.

It will be helpful if George Houser can know well in advance of any particular meeting which topic would be most suitable, and whether slides or tapes are desired. Tape recording amplifying equipment or projector for Kodachrome slides (2" x 2") should be arranged for by the local group.

Honorarium for the meetings will go for the extension of the work of the Fellowship of Reconciliation in meeting some of the problems that exist in Africa today.
