Dear Dave:

In mid-January Bob Maurer approached WSCF about the possibility of the SAC editing a special issue of Federation News on Southern Africa. The answer from Valdo Galland and Audrey Abrecht was very encouraging, pointing out that Hank Crane was editing a special issue of Africa Presence on the subject in the near future, and suggesting we contact him about coordinating our efforts and making Presence a double issue with a wider circulation.

We wrote Hank, who promptly responded as follows: "I am very anxious to solicit the help of the Southern Africa Committee on this so as to make it really a joint effort. So it was with great relief that I got your letter."

The following paragraph was of special interest to us:

"The kind of material that the SAC could get for us is: a list of the major companies, banks, etc. with investments in South Africa and Rhodesia (U.S.A., Britain, France, Italy, West Germany, Japan, Australia, etc.) and the extent of their investments; "a kind of diary of U.N. statements and actions on these territories, as well as on S.W. Africa, beginning with the ICJ case; a list of the sanctions-busting companies, if available; a sample of the propaganda material being put out by SAISS, Friends of Rhodesia, Portugal, etc.; an account of the SAC bank campaign; charts showing the extent of U.S. aid to other African countries as contrasted with investment and trade with S.A.; a "white list" and "black list" of persons on capitol hill who are in favor of change in S.A. or who support apartheid. We will also need photographs and some art work."

Most of the above divisions are naturals for various people on the Committee, and Bob has asked me to write you and see if you could possibly provide the materials for the portion I've underlined. We've seen your recent section on "France in Southern Africa" and thought perhaps you had access to other materials on the other countries as well.'

If it is not possible for you to do this we will certainly understand, and we can always use just the total over-all figures, which we have. Also, if you do have access to materials and yet cannot do the collecting of them, you could let us know where to look and someone else can do the research.

Hank will be in New York about the second week of March, and will be spending several weeks here working on the manuscript. We would need to have all our materials collected by then so he can put them together in a workable order.

I'm approaching Ernest Cole ("House of Bondage") for some pictures, and other members of the Committee are doing the other areas he mentions in the quoted paragraph. He has also contacted the Morlans, the Minters, and Dave Robinson for other articles and/or materials.

Best wishes to you and your family in the exciting days ahead of you! Mostly I'm referring to the new Wiley that we will all soon welcome among us!

Yours most cordially,
