UNITED CALIFORNIA

SEASONS GREETINGS from $BOA

An unprecedented event for the anti-apartheid movement happened November 17: in the name of $BOA, 1900 people from all walks of life protested Bank of America's support of apartheid at 400 BofA branches throughout California. A quarter of a million customers were reached; several hundred immediately responded by withdrawing their accounts.

While volunteers did the organizing, $BOA had to **borrow** $2,980 to pay for leaflets and distribution costs. Until this is repaid, we have **no money** for the Newsletter, new resource materials, postage, etc. etc. Which is a shame since we're getting lots of inquiries.

This is not a subtle request but an up front, urgent appeal for HELP. Kindly examine your budget in view of making a generous contribution to $TOP BANKING ON APARTHEID–notify your friends, too. It's tax deductible if paid to 'Regional Young Adult Project/$BOA'.

A big **thank you** for enabling $BOA to carry on.
