Dear Friends of Mozambique:

This is our first mailing to you this fall after our summer break.

Six of our New York members were in East Africa this summer and arranged to spend a few days visiting Frelimo headquarters. The News & Notes written by them describes their interview with Samora Machel, the President of PRELIMO, and their visit to Bagamoyo where Frelimo's secondary school is located. Their experience has certainly inspired all of us to continue our work.

Also in the monthly mailing you will find an appeal from "Facts and Reports", a biweekly publication of press clippings about southern Africa published by the Angola Comite of Amsterdam. If you would like to subscribe to their report or to help them with press cuttings, please write them.

The Liberation Support Movement has given us a leaflet to send along to you for your information and help if you can give it.

September 25th is the Founding Day of PRELIMO and was celebrated in New York City by Friends and supporters of PRELIMO. Such a day marks a good beginning to our fall efforts.
